Save Time and Money

90-Day Supply Prescription Drug Program

You can get up to a 90-day supply of long-term (or maintenance) medicine through a network of retail or home delivery service pharmacies. How much you pay will be based on the medicine and your benefit plan.

Visit [bcbsok.com](https://www.bcbsok.com) or [myprime.com](https://www.myprime.com) to find an in-network retail or home delivery service pharmacy convenient for you. Log into Blue Access for MembersSM (BAMSM) and click on Pharmacies or Pharmacy Search under **Find Care**.

90-Day Supply Prescription Drug Program

To Purchase Your Long-Term Medicine at a Retail Pharmacy

1. Ask your doctor for a prescription for a 90-day supply of each of your long-term medicines.
2. Take your prescription or have your doctor submit electronically to an in-network retail pharmacy. Based on your benefit, that may be a “90-day” or preferred pharmacy.
3. Certain coverage exclusions and limits may apply, based on your health plan. Not all plans have 90-day supply options available at retail pharmacies. Check your benefit materials for details.

To Purchase Your Long-Term Medicine Through a Home Delivery Service Pharmacy

1. Ask your doctor for a prescription for a 90-day supply of each of your long-term medicines.
2. If you need to start your medicine right away, ask for a prescription for a one-month supply to take to a retail pharmacy.
3. You can order online, through a mobile device, over the phone or through the mail. You can find contact information for the home delivery pharmacy at myprime.com. To print a new prescription order form, log into BAM, click on **Forms & Documents** under the My Account tab and select the mail order form.
4. If mailing your order, send your prescription, completed order form and payment to the home delivery service pharmacy.
5. Keep in mind that medicines can take up to 5 business days to deliver after the home delivery service pharmacy receives and verifies your order.

You can also ask your doctor to fax or send your prescription electronically to the home delivery service pharmacy. Be sure to complete and submit the mail order form to avoid a delay in processing your order.
