

Our Mission

The Oklahoma Caring Foundation's mission is to improve the health of Oklahomans through programs that educate and improve access to health care services. We are driven by the idea that **establishing good health at an early age** is the best way to improve the overall health status of Oklahomans. Just as important as direct care is knowledge that **empowers individuals** to cultivate their own health. By giving children and families services and education to prevent unnecessary illness and **build healthy lifestyles**, the Oklahoma Caring Foundation is making life better for our neighbors.
