BE SMART- DON'T START!

Smoking causes lots of
problems! If you smoke
and you're pregnant, smoking
could harm your baby and it
might have problems forever!

Smoking costs lots of money that
you need for other things. Save
your money. Save your life!

When you smoke around other
people they could get second-
hand smoke. Second-hand smoke
kills thousands of people a year!
Many children suffer with asthma.

Smoking could cause lung problems
and heart attacks, and it can kill you.
Best of all Be Smart- Don't
Start!!!
