Brand Name Drug Selection

If you receive a Brand Name Drug when a Generic Drug equivalent is available, you will be responsible for the difference between the Allowable Charge for the Brand Name Drug and the Allowable Charge for the Generic Drug equivalent. This amount applies to any Deductible, Copayment and/or Coinsurance amount set forth in this ***Schedule of Benefits.***

Exceptions to this provision may be allowed for certain preventive medications (including prescription contraceptive medications) if your health care Provider submits a request to the Plan indicating that the Generic Drug would be medically inappropriate, along with supporting documentation. If the Plan grants the exception request, any difference between the Allowable Charge for the Brand Name Drug and the Generic Drug equivalent will be waived.

Prescription Drug List

The Drug List is available on the Plan's website at www.bcbsok.com. This list shows many commonly prescribed and clinically useful Generic Drugs and Brand Drugs to provide coverage for a broad range of diseases. Brand Drugs may be included when a Generic Drug is not available to treat a specific medical condition, or the Brand Drug offers a significant advantage over available Generic Drugs as determined by the Plan. This listing is maintained by a committee, which is made up of current and previously practicing Physicians and pharmacists from across the country, some of whom are employed by or affiliated with Blue Cross and Blue Shield. You may call a Customer Service Representative to request an updated listing at the number shown on your Identification Card.

Certificate

This Certificate is issued according to the terms of your Group Health Plan.

If a word or phrase starts with a capital letter, it has a special meaning in this Certificate. It is defined in the ***Definitions*** section, where used in the text, or it is a title.

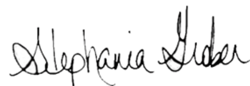
Your Group has Contracted with **Blue Cross and Blue Shield of Oklahoma** (called the Plan, we, us, or our) to provide the Benefits described in this Certificate. Blue Cross and Blue Shield of Oklahoma, having issued a Group Contract to the Group, certifies that all persons who have:

- applied for coverage under this Certificate;
- paid for the coverage;
- satisfied the conditions specified in the ***Eligibility, Enrollment, Changes & Termination*** section; and
- been approved by the Plan;

are covered by this Certificate. Covered persons are called Subscribers (or you, your).

Any reference to "applicable law" will include applicable laws and rules, including, but not limited to, statutes, ordinances and administrative decisions and regulations.

Beginning on your Effective Date, we agree to provide you the Benefits described in this Certificate.



President of Blue Cross and Blue Shield of Oklahoma

Your Subscriber Identification Number:

WARNING: ANY PERSON WHO KNOWINGLY, AND WITH INTENT TO INJURE, DEFRAUD OR DECEIVE ANY INSURER, MAKES ANY CLAIM FOR THE PROCEEDS OF AN INSURANCE POLICY CONTAINING ANY FALSE, INCOMPLETE OR MISLEADING INFORMATION IS GUILTY OF A FELONY.

Introduction

Your HSA coverage is designed to be a "high deductible health Plan" as described in the Internal Revenue Code (IRC) provisions governing Health Savings Accounts (HSAs). If you are eligible for the tax treatment of Health Savings Account (HSA) contributions and distributions (in accordance with IRC regulations), you may elect to establish and maintain as HSA to cover "qualified medical expenses" not covered under this Certificate.

If you elect to take full advantage of the HSA program, you will need to establish a Health Savings Account (HSA) at a bank, insurance company or other entity specifically approved by the Internal Revenue Service (IRS) as an HSA trustee. When you enroll under this HSA program, you will be given information regarding your Group's HSA program. You may choose any financial institution you wish to establish your HSA. Please read your account agreement information carefully to be advised of eligibility and other HSA requirements. Funds in the HSA may be used to help pay your Deductible, Coinsurance or other qualified medical expenses not covered under your HSA coverage.

To be eligible to establish and maintain a Health Savings Account, you must meet the requirements in the regulations established by the Internal Revenue Service. In order to participate in a Health Savings Account:

- You cannot be claimed as a Dependent under another person's income tax return; and
- You cannot be covered by a health Plan, other than a qualifying high deductible health Plan, which provides any of the same benefits as this HSA Plan.

To qualify under the IRC, your coverage must impose a specified minimum annual Deductible and a maximum Out-of-Pocket Limit. These amounts may be adjusted by the United States Treasury and the Internal Revenue Service to reflect cost-of-living increases. If these cost-of-living adjustments result in a change to your Deductible or Out-of-Pocket Limit under this coverage, you will receive written notice from the Plan.

You are solely responsible for making sure your HSA arrangement complies with the Internal Revenue Code. Blue Cross and Blue Shield of Oklahoma assumes no responsibility or liability in the event the Internal Revenue Service or any other regulatory or enforcement agency finds that you have failed to comply with these requirements.

Keep in mind that Health Savings Accounts and high deductible health Plans are subject to rules set out in the IRC and Internal Revenue Service regulations and can be affected by changes in the IRC and regulations and by any regulatory or judicial interpretations. You are strongly encouraged to seek the advice of a qualified tax counselor before establishing and using an HSA, and to help resolve any questions you might have about the appropriate use of the account after it is established.

Important Information

Please Read This Section Carefully! It explains the role the Blue Cross and Blue Shield of Oklahoma Provider networks play in your health care coverage. It also explains important cost containment features in your health care coverage. Together, these features allow you to receive quality health care in cost-effective settings, while helping you experience lower Out-of-Pocket expenses.

By becoming familiar with your coverage, you will be assured of receiving the maximum Benefits possible whenever you need to use your health care services.

Your Participating Provider Network

Your coverage is a Preferred Provider Organization (PPO) Plan that offers a wide selection of network doctors and Hospitals. The Plan has negotiated special agreements with Hospitals, Outpatient facilities, Physicians, and other health care professionals from many specialties. These participating health care Providers work with the Plan to help keep down the cost of health care. Although you are free to choose any health care Provider for your services, your coverage will provide the highest level of Benefits if you use a Network Provider.

Network Providers are not Employees, agents or other legal representatives of Blue Cross and Blue Shield of Oklahoma.

How Your Coverage Works

Your coverage is designed to give Subscribers some control over the cost of their own health care. Subscribers continue to have complete freedom of choice in their Provider selection. However, the coverage offers considerable financial advantages to Subscribers who choose to use a Network Provider.

This coverage operates around a group of Hospitals, Physicians and other Providers who have agreed to accept no more than a reasonable, predetermined fee for their services. When Subscribers use these Network Providers, they will have less Out-of-Pocket expense.

In contrast, when care is received from a Provider who is not a Network Provider, higher Deductibles, Copayments and/or Coinsurance amounts, and Out-of-Network Prior Authorization requirements may apply to your coverage. Refer to the Schedule of Benefits in the front of this Certificate for additional details regarding your Benefits.

Through other network Contracts with Blue Cross and Blue Shield of Oklahoma, many Oklahoma Hospitals, Physicians, and other Providers outside your network have also agreed to work together to help hold the line on health care cost increases. Although your Benefits will be reduced when you do not use Network Providers, using another Contracting Provider offers some of the same advantages available to you within the Provider network:

- The Provider will file your claims for you (just as a Network Provider would do).
- Payment for Covered Services will be sent directly to the Provider.
- These Providers have agreed to charge Plan Subscribers no more than a "Maximum Reimbursement Allowance" for Covered Services. If your Provider charges more than our Allowable Charge for Covered Services, you are not responsible for the difference. **However, you will be responsible for the difference, if any, between the Contracting Provider's Allowable Charge and the "Allowable Charge" which a Network Provider would have accepted for the same services.**

IMPORTANT: Keep in mind that all Covered Services (including ancillary services such as x-ray and laboratory services, anesthesia, etc.) must be performed by a Network or BlueCard Provider in order to receive the highest level of Benefits under this Certificate. If your Physician prescribes these services, request that he/she refer you to a Network or BlueCard Provider whenever possible.

If Benefits are provided at a participating Hospital, at a participating Surgery center or other participating treatment center, any Benefits provided by a non-participating anesthesiologist (including a certified Registered Nurse Anesthetist), pathologist, radiologist, or emergency room Physician, assistant surgeon (if the primary surgeon is a Network Provider) or other Hospital-based Physician, the Subscriber will incur no greater Out-of-Pocket costs than would have been incurred if the Benefits were provided by a Network Provider, except that the non-participating Provider may bill the Subscriber for the difference between payment by the Plan and the Provider charges plus in-network Deductible, Copayment and/or Coinsurance. Please call Customer Service if you have any questions about the Benefits described in this section or how your claims have been processed.

COST-SHARING FEATURES OF YOUR COVERAGE

As a participant in this Group Health Plan, you have the responsibility for sharing in a portion of your health care costs. You are responsible for the applicable Deductible, Copayment and/or Coinsurance provisions of your coverage, as well as any charges for which Benefits are not provided. You may also be responsible for a portion of your health care premiums, depending upon the terms of your Group Health Plan. Check with your Group Administrator for specific premium amounts applicable to the coverage you have selected for you and your family.

A Tobacco User may be subject to a premium increase of up to 1.5 times the rate applicable to those who are not Tobacco Users, to the extent permitted by applicable law, provided that the Plan will provide an opportunity to offset such premium variation through participation in a wellness program to prevent or reduce tobacco use, if required by applicable law.

UTILIZATION MANAGEMENT

Utilization management may be referred to as Medical Necessity review, utilization review (UR) or medical management reviews. A Medical Necessity review for a procedure/service, Inpatient admission and length of stay is based on BCBSOK Medical Policy and/or level of care review criteria. Medical Necessity reviews may occur prior to services rendered, during the course of care, or after care has been completed for a Post-Service Medical Necessity Review. Some services may require a Prior Authorization before the start of services, while other services will be subject to a concurrent or Post-Service Medical Necessity Review. If requested, services normally subject to a Post-Service Medical Necessity Review may be reviewed for Medical Necessity prior to the service through a Recommended Clinical Review as defined below.

Refer to the definition of Medically Necessary in the ***Definitions*** section of this Certificate for additional information regarding any limitations and/or special conditions pertaining to your Benefits.

You may incur a Benefit reduction if you fail to obtain Prior Authorization for these Covered Services. The Covered Services and Prior Authorization rules that impact them are described in the provision entitled *"Failure to Obtain Prior Authorization."*

PRIOR AUTHORIZATION

Prior Authorization establishes in advance the Medical Necessity or Experimental/Investigational nature of certain care and services covered under this Plan. It ensures that the care and services described below for which you have obtained Prior Authorization will not be denied on the basis of Medical Necessity or Experimental/Investigational.

If Prior Authorization is required, the review is not a guarantee of Benefits. Actual availability of Benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Certificate. BCBSOK recommends you confirm with your Provider if Prior Authorization has been obtained.

PRIOR AUTHORIZATION RESPONSIBILITY

PARTICIPATING PROVIDER (IN-NETWORK) PRIOR AUTHORIZATION

Your Network Provider is responsible for obtaining Prior Authorization in those circumstances where authorization may be required.

For additional information about Prior Authorization for services outside of our service area, see the section entitled, "The BlueCard® Program" in ***General Provisions***.

NOTE: Providers that Contract with other Blue Cross and Blue Shield Plans are not familiar with the Prior Authorization requirements of BCBSOK. Unless a Provider Contracts directly with BCBSOK as a Participating Provider, the Provider is not responsible for being aware of this Plan's Prior Authorization requirements, except as described in the section "The BlueCard® Program" in ***General Provisions.***

NON-PARTICIPATING PROVIDER (OUT-OF-NETWORK) PRIOR AUTHORIZATION

If any Provider outside of Oklahoma (except for those Contracting as Network Providers directly with BCBSOK) or any Out-of-Network Provider recommends an Admission or a service that requires Prior Authorization, the Provider is not obligated to obtain the Prior Authorization for you. In such cases, it is your responsibility to ensure

that Prior Authorization is obtained. If authorization is not obtained before services are received, you may be entirely responsible for the charges if determined to not be Medically Necessary. If the service is determined to be Medically Necessary, Out-of-Network Benefits will apply. The Provider may call on your behalf, but it is your responsibility to ensure that the Plan is called.

To determine if a specific service or category requires Prior Authorization, visit our website at www.bcbsok.com/find-care/where-you-go-matters/utilization-management.com for the required Prior Authorization list, which is updated when new services are added or when services are removed. You can also call BCBSOK Customer Service at the toll-free telephone number on the back of your Identification Card.

INPATIENT ADMISSIONS

Your Provider may need to obtain Prior Authorization from the Plan for an Inpatient admission if Inpatient admissions are identified as needing a Prior Authorization. In the case of an elective Inpatient admission, if services require an authorization, it is recommended that the call for Prior Authorization should be made at least two working days before you are admitted unless it would delay Emergency Care. In an emergency, it is recommended that Prior Authorization should take place within two working days after admission, or as soon thereafter as reasonably possible.

Your Network Provider is required to obtain Prior Authorization for any Inpatient Admissions that may require Prior Authorization.

If the Physician or Provider of services is not a Network Provider then you, your Physician, Provider of services, or an authorized representative should obtain Prior Authorization by the Plan by calling one of the toll-free numbers shown on the back of your Identification Card. The call should be made between 7:00 a.m. and 6:00 p.m., Central Time, on business days. After business hours or on weekends, please call the toll-free number listed on the back of your Identification Card. Your call will be recorded and returned the next business day. A benefits management nurse will follow up with your Provider's office. All timelines for Prior Authorization requirements are provided in keeping with applicable state and federal regulations.

In-Network Benefits will be available if you use a Network Provider or Network Specialty Care Provider. If you elect to use Out-of-Network Providers for services and supplies available In-Network, Out-of-Network Benefits will be paid.

However, if care is not reasonably available from Network Providers as defined by applicable law, and BCBSOK authorizes your visit to an Out-of-Network Provider to be covered at the In-Network Benefit level **prior to the visit**, In-Network Benefits will be paid; otherwise, Out-of-Network Benefits will be paid.

When Prior Authorization of an Inpatient admission is obtained, a length-of-stay is assigned. Your Provider may seek an extension for the additional days if you require a longer stay. Benefits will not be available for room and board charges for medically unnecessary days. For more information regarding lengths of stay, refer to the **Length of Stay/Service Review** subsection.

For Behavioral Health Inpatient Admissions, please see **Contacting Behavioral Health** Section below.

Prior Authorization not Required for Maternity Care and Treatment of Breast Cancer Unless Extension of Minimum Length of Stay Requested

Your Plan is required to provide a minimum length of stay in a Hospital facility for the following:

- Maternity Care

- 48 hours following an uncomplicated vaginal delivery;
- 96 hours following an uncomplicated delivery by caesarean section.

- Treatment of Breast Cancer
  - 48 hours following a mastectomy;
  - 24 hours following a lymph node dissection.

You or your Provider will not be required to obtain Prior Authorization from BCBSOK for a length of stay less than 48 hours (or 96 hours) for Maternity Care or less than 48 hours (or 24 hours) for Treatment of Breast Cancer. If you require a longer stay, you, your authorized representative, or your Provider must seek an extension for the additional days by obtaining Prior Authorization from BCBSOK.

OUTPATIENT SERVICE REVIEW

If Prior Authorization is required, the review is not a guarantee of Benefits. Actual availability of Benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Certificate. BCBSOK recommends you confirm with your Provider if Prior Authorization has been obtained.

There may be general categories of Covered Services that require Prior Authorization.

To determine if a specific service or category requires Prior Authorization, visit our website at www.bcbsok.com/find-care/where-you-go-matters/utilization-management.com for the required Prior Authorization list, which is updated when new services are added or when services are removed. You can also call Customer Service at the toll-free telephone number on the back of your Identification Card.

For Behavioral Health Outpatient Service review, please see **Contacting Behavioral Health** Section below.

- **Failure to Obtain Prior Authorization**

  If the Subscriber does not obtain Prior Authorization for **Out-of-Network Inpatient services,** these services will be subject to a $500 reduction in Benefits if, upon receipt of a claim, it is determined by the Plan that services were Medically Necessary. If it is determined that the services were not Medically Necessary or were Experimental, Investigational and/or Unproven, it may be the Subscriber's responsibility to pay the full cost of the services received.

  If the Subscriber fails to obtain Prior Authorization for other Outpatient services requiring Prior Authorization:

  – The Plan will review the Medical Necessity of the treatment or service prior to the final Benefit determination;

  – If the Plan determines the treatment or service is not Medically Necessary or is Experimental, Investigational and/or Unproven, Benefits will be reduced or denied.

  To determine if a specific service or category requires Prior Authorization, visit our website at www.bcbsok.com/find-care/where-you-go-matters/utilization-management.com for the required Prior Authorization list, which is updated when new services are added or when services are removed. You can also call Customer Service at the toll-free telephone number on the back of your Identification Card.

- **Response to Prior Authorization Requests**

  The Plan will provide a written response to your Prior Authorization request no later than 15 days following the date we receive your request. This period may be extended one time for up to 15 additional days, if we determine that additional time is necessary due to matters beyond our control.

If the Plan determines that additional time is necessary, we will notify you in writing, prior to the expiration of the original 15-day period, that the extension is necessary, along with an explanation of the circumstances requiring the extension of time and the date by which the Plan expects to make the determination.

If an extension of time is necessary due to our need for additional information, we will notify you of the specific information needed, and you will have 45 days from receipt of the notice to provide the additional information. We will provide a written response to your request for *Prior Authorization* within 15 days following receipt of the additional information.

The procedure for appealing an adverse Prior Authorization determination is set forth in the section entitled, ***Complaint/Appeal Procedure***.

- **Response to Prior Authorization Requests Involving Urgent Care**

  A *"Prior Authorization Request Involving Urgent Care"* is any request for Medical Care or treatment with respect to which the 15-day review period set forth above:

  — Could seriously jeopardize the life or health of the Subscriber or the ability of the Subscriber to regain maximum function; or

  — In the opinion of a Physician with knowledge of the Subscriber's medical condition, would subject the Subscriber to severe pain that cannot be adequately managed without the care or treatment that is the subject of the Prior Authorization request.

  The Plan will respond to you no later than 72 hours after receipt of the request, unless you fail to provide sufficient information, in which case, you will be notified of the missing information within 24 hours and will have no less than 48 hours to provide the information. A Benefit determination will be made as soon as possible (taking into account medical exigencies) but no later than 72 hours after the initial request, or within 48 hours after the missing information is received (if the initial request is incomplete). The Plan's response to your *"Prior Authorization Request Involving Urgent Care"*, including an adverse determination, if applicable, may be issued orally. A written notice will also be provided within three days following the oral notification.

LENGTH OF STAY/SERVICE REVIEW

Length of stay/service review is not a guarantee of Benefits. Actual availability of Benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions under this Certificate.

Upon completion of the Prior Authorization Process for Inpatient services or the Prior Authorization Requests Involving Emergency Care review, the Plan will send a letter to you, your Physician, Behavioral Health Practitioner and/or Hospital or facility with a determination on the approved length of service or length of stay.

An extension of the length of stay/service will be based solely on whether continued Inpatient care or other health care service is Medically Necessary. If the extension is determined not to be Medically Necessary, the coverage for the length of stay/service will not be extended, except as otherwise described in the ***Complaint/Appeal Procedure*** section under this Certificate.

A length of stay/service review, also known as a concurrent Medical Necessity review, is when you, your Provider, or other authorized representative may submit a request to the Plan for continued services. If you, your Provider, or authorized representative requests to extend care beyond the approved time limit and it is a request involving Urgent Care or an ongoing course of treatment, the Plan will make a determination within 72 hours of receipt of the request.

RECOMMENDED CLINICAL REVIEW

Some services that do not require Prior Authorization may be subject to review for evidence of Medical Necessity for coverage determinations that may occur prior to services rendered, during the course of care or after care has been completed for a Post-Service Medical Necessity Review.

A Recommended Clinical Review is a Medical Necessity review for a Covered Service that occurs before services are completed and helps limit the situations where you have to pay for a non-approved service. BCBSOK will review the request to determine if it meets approved BCBSOK medical policy and/or level of care review criteria for medical and behavioral health services. Once a decision has been made on the services reviewed as part of the Recommended Clinical Review process, they will not be reviewed for Medical Necessity again on a retrospective basis. Submitted services (subject to Medical Necessity review) not included as part of Recommended Clinical Review may be reviewed retrospectively.

To determine if a Recommended Clinical Review is available for a specific service, visit our website at www.bcbsok.com/find-care/where-you-go-matters/utilization-management.com for the Required Prior Authorization and Recommended Clinical Review list, which is updated when new services are added or when services are removed. You can also call Customer Service at the number on the back of your Identification Card.

Recommended Clinical Review is not a guarantee of Benefits. Actual availability of Benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions under this Certificate. Please coordinate with your Provider to submit a written request for Recommended Clinical Review.

CONTACTING BEHAVIORAL HEALTH

You, your Physician or Provider of services or your authorized representative may contact the Plan for a Prior Authorization or Recommended Clinical Review by calling the toll-free number shown on the back of your Identification Card and following the prompts to the Behavioral Health Unit. During regular business hours (8:00 a.m. and 6:00 p.m., Central Time, on business days), the caller will be routed to the appropriate behavioral health clinical team for review. Outpatient requests should be requested during regular business hours. After 6:00 p.m., on weekends, and on holidays, the same behavioral health line is answered by clinicians available for acute Inpatient reviews only. Requests for residential or Partial Hospitalization are reviewed during regular business hours.

GENERAL PROVISIONS APPLICABLE TO ALL RECOMMENDED CLINICAL REVIEW

1. **No Guarantee of Payment**

   A Recommended Clinical Review is not a guarantee of Benefits or payment of Benefits by the Plan. Actual availability of Benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Plan. Even if the service has been approved on Recommended Clinical Review, coverage or payment can be affected for a variety of reasons. For example, the Subscriber may have become ineligible as of the date of service or the Subscriber's Benefits may have changed as of the date of service.

2. **Request for Additional Information**

   The Recommended Clinical Review process may require additional documentation from the Subscriber's health care Provider or pharmacist. In addition to the written request for Recommended Clinical Review, the health care Provider or pharmacist may be required to include pertinent documentation explaining the proposed services, the functional aspects of the treatment, the projected outcome, treatment plan and any other supporting documentation, study models, prescription, itemized repair and replacement cost statements, photographs, x-rays, etc., as may be requested by the Plan to make a determination of coverage pursuant to the terms and conditions of this Plan.

POST-SERVICE MEDICAL NECESSITY REVIEW

A Post-Service Medical Necessity Review, sometimes referred to as a retrospective review or post-service claims request, is the process of determining coverage after treatment has been provided and is based on Medical Necessity guidelines. A Post-Service Medical Necessity Review confirms Subscriber eligibility, availability of Benefits at the time of service, and reviews necessary clinical documentation to ensure service was Medically Necessary. Providers should submit appropriate documentation at the time of a Post-Service Medical Necessity Review request. A Post-Service Medical Necessity Review may be performed when Prior Authorization or Recommended Clinical Review was not obtained prior to services being rendered.

GENERAL PROVISIONS APPLICABLE TO ALL POST-SERVICE MEDICAL NECESSITY REVIEWS

1. **No Guarantee of Payment**

   A Post-Service Medical Necessity Review is not a guarantee of Benefits. Actual availability of Benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Certificate. Post-Service Medical Necessity Review does not guarantee payment of Benefits by the Plan, for instance a Subscriber may become ineligible as of the date of service or the Subscriber's Benefits may have changed as of the date of service.

2. **Request for Additional Information**

   The Post-Service Medical Necessity Review process may require additional documentation from the Subscriber's health care Provider or pharmacist. In addition to the written request for Post-Service Medical Necessity Review, the health care Provider or pharmacist may be required to include pertinent documentation explaining the services rendered, the functional aspects of the treatment, the projected outcome, treatment plan and any other supporting documentation, study models, prescription, itemized repair and replacement cost statements, photographs, x-rays, etc., as may be requested by the Plan to make a determination of coverage pursuant to the terms and conditions of this Certificate.

ALLOWABLE CHARGE

To take full advantage of the negotiated pricing arrangements in effect between the Plan and our Network Providers, it is imperative that you use Network Providers in Oklahoma and BlueCard Providers whenever you are out of state. Using a Network Provider offers you the following advantages:

- Network Providers have agreed to hold the line on health care costs by providing special prices for our Subscribers. These Providers will accept this negotiated price (called the **"Allowable Charge"**) as payment for Covered Services. This means that, if a Network Provider bills you more than the Allowable Charge for Covered Services, ***you are not responsible for the difference.***
- The Plan will calculate your Benefits based on this "Allowable Charge". We will deduct any charges for services which are not eligible under your coverage, then subtract any Deductibles, Copayments and/or Coinsurance amounts which may be applicable to your Covered Services. We will then determine your Benefits under this Certificate and direct any payment to your Network Provider.

REMEMBER …
You receive the maximum Benefits allowed whenever you utilize the services of an Oklahoma Network Provider or a BlueCard Provider outside the state of Oklahoma.

The following method will be used for determining the Allowable Charge for Providers who do not have a Participating Provider agreement with the Plan (Non-Contracting Providers):

- The Allowable Charge for Non-Contracting Providers for Covered Services will be the lesser of:
  1. the Provider's billed charges; or
  2. the Plan's Non-Contracting Allowable Charge.

The Non-Contracting Allowable Charge is developed from base Medicare reimbursements, excluding any Medicare adjustments using information on the claim, and adjusted by a predetermined factor established by the Plan. Such factor will not be less than 60% of the base Medicare reimbursement rate. However, in no event will the reimbursement exceed 90% of the lowest amount the Plan would have paid a Network Provider for the same services.

For services for which a Medicare reimbursement rate is not available, the Allowable Charge for Non-Contracting Providers will represent an average Contract rate for Network Providers adjusted by a predetermined factor established by the Plan and updated on a periodic basis. Such factor shall not be less than 90% of the average Contract rate. Blue Cross and Blue Shield of Oklahoma will utilize the same claim processing rules and/or edits that it utilizes in processing Participating Provider claims for processing claims submitted by Non-Contracting Providers which may also alter the Allowable Charge for a particular service. In the event the Plan does not have any claim edits or rules, the Plan may utilize the Medicare claim rules or edits that are used by Medicare in processing the claims. The Allowable Charge will not include any additional payments that may be permitted under the Medicare laws or regulations which are not directly attributable to a specific claim, including, but not limited to, disproportionate share and graduate medical education payments.

Any change to the Medicare reimbursement amount will be implemented by the Plan within 145 days after the Effective Date that such change is implemented by the Centers for Medicaid and Medicare Services, or its successor.

In the event the Non-Contracting Allowable Charge does not equate to the Non-Contracting Provider's billed charges, you will be responsible for the difference, along with any applicable Deductible, Copayment and/or Coinsurance amounts. This difference may be considerable. To find out an estimate of the Plan's Non-Contracting Allowable Charge for a particular service, you may call the Customer Service number shown on the back of your Identification Card.

- Notwithstanding anything in the Group Health Plan to the contrary, for Out-of-Network Emergency Care Services rendered by Non-Contracting Providers, the Allowable Charge shall be equal to the greatest of the following three possible amounts—not to exceed billed charges:
    1. The median amount negotiated with network or Contracting Providers for the Emergency Care Services furnished;
    2. The amount for the Emergency Care Services calculated using the same method the Plan generally uses to determine payments for Out-of-Network Provider services, but substituting the in-network or Contracting cost-sharing provisions for the Out-of-Network or Non-Contracting Provider cost-sharing provisions; or
    3. The amount that would be paid under Medicare for the Emergency Care Services.

    Each of these amounts is calculated excluding any network or Contracting Provider Copayment or Coinsurance imposed with respect to the Subscriber.
- Whenever Covered Services are received outside the state of Oklahoma from a Provider who does not have a written agreement with Blue Cross and Blue Shield of Oklahoma or with the local Blue Cross and Blue Shield Plan, the "Allowable Charge" may be determined by the Blue Cross and Blue Shield Plan (Host Plan) servicing the area. Please refer to *"Out-of-Area Services"* in the ***General Provisions*** section for additional information.

Whenever services are received from an Out-of-Network Provider, you will be responsible for the following:

- Charges for any services which are not covered under your Group Health Plan.
- Any Deductible, Copayment and/or Coinsurance amounts that are applicable to your coverage.
- The difference, if any, between your Provider's "billed charges" and the "Allowable Charge" determined by the Host Plan.

AMENDMENTS

The Plan reserves the right to amend the provisions, language and Benefits set forth in this Certificate.

Because of changes in federal or state laws, or changes in your coverage, or the special needs of your Group, provisions called amendments may be added to your Certificate.

Be sure to check for an amendment. It amends provisions or Benefits in your Certificate.

IDENTIFICATION CARD

You will get an Identification Card to show the Hospital, Physician, Pharmacy, or other Providers when you need to use your coverage.

Your Identification Card shows the coverage through which you are enrolled and includes your own personal identification number. All of your covered Dependents share your identification number. Duplicate cards can be obtained for each covered member of your family.

Carry your card at all times. If you lose your card, you can still use your coverage. You can replace your card faster, however, if you know your identification number. The ***Certificate*** page has a space to record it.

Legal requirements govern the use of your card. You cannot let anyone who is not enrolled in your coverage use your card or receive your Benefits.

DESIGNATING AN AUTHORIZED REPRESENTATIVE

The Plan has established procedures for you to designate an individual to act on your behalf with respect to a Benefit claim or an appeal of an Adverse Benefit Determination. Contact a Customer Service Representative for help if you wish to designate an authorized representative. In the case of a *"Prior Authorization Request Involving Urgent Care"* (see *"Prior Authorization"* provisions), a health care professional with knowledge of your medical condition will be permitted to act as your authorized representative.

Whenever you call our offices for assistance, please have your Identification Card with you.

- Who is considered an Eligible Dependent;
- How and when your coverage becomes effective;
- How to change types of coverage;
- How and when your coverage stops; and
- What rights you have when your coverage stops.

WHO IS AN ELIGIBLE PERSON

Unless otherwise specified in the Group Contract, the Benefits described in this Certificate will be provided to persons who:

- Meet the definition of an Eligible Person as specified by the Group Contract;
- Have applied for this coverage and received an eligibility determination from the Group and/or the Plan;
- Reside, live, or work in the geographic area ("Network Service Area") designated by the Plan;
- Have received a Blue Cross and Blue Shield of Oklahoma Identification Card.

You may contact the Customer Service Department at the number shown on your Identification Card to determine if you are in the Network Service Area or access the website at www.bcbsok.com.

The date you become eligible is the date you satisfy the eligibility provisions specified by your Group. Check with your Group Administrator for specific eligibility requirements which apply to your coverage.

WHO IS AN ELIGIBLE DEPENDENT

An Eligible Dependent is defined as:

- your spouse or Domestic Partner. NOTE: Domestic Partner coverage is available at your Group's discretion. Contact your Group Administrator for information on whether Domestic Partner coverage is available for your Group.
- your Dependent child. Wherever used in this Certificate, "Dependent child" means your natural child, a stepchild, an eligible foster child, an adopted child or child Placed for Adoption (including a child for whom you, your spouse or your Domestic Partner (provided your Group covers Domestic Partners) is a party in a legal action in which the adoption of the child is sought), under 26 years of age, regardless of presence or absence of a child's financial dependency, residency, student status, employment status, marital status, eligibility for other coverage, or any combination of those factors. A child not listed above who is legally and financially dependent upon the Member or his/her spouse or Domestic Partner is also considered a Dependent child under the Group Health Plan, provided proof of dependency is provided to the Plan, as appropriate.

  A Dependent child who is medically certified as disabled and dependent upon the Member or his/her spouse or Domestic Partner (provided the Group covers Domestic Partners) is eligible to continue coverage beyond the limiting age, provided the disability began before the child attained the age of 26.

  The Plan reserves the right to request verification of a Dependent child's age, dependency, and/or disability status upon initial enrollment and from time to time thereafter as the Plan may require.

If two Eligible Persons are married to each other, or in a Domestic Partnership (provided the Group covers Domestic Partners), one may enroll as a Member and the other as a Dependent, or both may enroll as Members. Their child or children may be covered as Dependents under either person's coverage, but not under both.

APPLYING FOR COVERAGE

You may apply for coverage in a Group Health Plan for yourself and/or your Dependents.

No eligibility rules or variations in premium will be imposed based upon your health status, medical condition, claims experience, receipt of health care, medical history, genetic information, evidence of insurability, disability, or any other health status related factor. You will not be discriminated against for coverage under this Plan on the basis of race, color, national origin, disability, age, sex, gender identity, or sexual orientation. Variations in the administration, processes or Benefits of this Certificate that are based on clinically indicated, reasonable medical management practices, or are part of permitted wellness incentives, disincentives and/or other programs do not constitute discrimination.

You may enroll in or change Group Health Plans for yourself and/or your Dependents during one of the following enrollment periods.

INITIAL AND ANNUAL OPEN ENROLLMENT PERIODS/EFFECTIVE DATE OF COVERAGE

Your Group will designate initial and annual open enrollment periods during which you may apply for or change coverage in a Group Health Plan for yourself and/or your Dependents. Your and/or your Dependents' Effective Date will be assigned by the Plan, according to the provisions of the Contract in effect for your Group.

If your Group has a Waiting Period prior to the Effective Date of your coverage, such Waiting Period may not exceed 90 days, unless permitted by applicable law. If our records show that your Group has a Waiting Period that exceeds the time period permitted by applicable law, then we reserve the right to begin your coverage on a date that we believe is within the required period. Regardless of whether we exercise that right, your Group is responsible for your Waiting Period. If you have questions about your Waiting Period, please contact your Group Administrator.

This section *"Initial and Annual Open Enrollment Periods/Effective Date of Coverage"* is subject to change by the Plan and/or applicable law, as appropriate.

SPECIAL ENROLLMENT PERIODS/EFFECTIVE DATE OF COVERAGE

Your Group Health Plan includes special enrollment periods during which individuals who previously declined coverage are allowed to enroll in or change coverage in a Group Health Plan for yourself and/or your Dependents.

You must provide acceptable proof of a special enrollment event. *"Special Enrollment Events"* are described in detail below. The Plan will review this proof to verify your eligibility for special enrollment. Failure to provide acceptable proof of a special enrollment event will delay or prevent enrollment under this Certificate. Please call the Customer Service number shown on your Identification Card for additional information.

Special Enrollment Events:

You must apply for coverage within 31 days from the date of any of the following Special Enrollment Events:

- You gain a Dependent or become a Dependent through marriage or the establishment of a Domestic Partnership (provided your Group covers Domestic Partners). New coverage for you and/or your Dependents will be effective on the date determined by the Plan.
- You gain a Dependent through birth, adoption or Placement for Adoption or court-ordered Dependent coverage. New coverage for you and/or your Dependents will be effective on the date of birth, adoption, or Placement for Adoption.

If your membership includes at least one Dependent, coverage for the newborn will be effective on the date of birth and continue for 31 days. In order to extend the coverage beyond 31 days, your application to add coverage for the newborn must be received by the Plan within 31 days following the child's birth; and you must make the required contribution for such coverage from the date of birth.

Subject to the ***Exclusions***, conditions and limitations of this Certificate, coverage for an adopted child will include the actual and documented medical costs associated with the birth of an adopted child who is 18 months of age or younger. You must provide copies of the medical bills and records associated with the birth of the adopted child and proof that you have paid or are responsible for payment of the medical bills associated with the birth and that the cost of the birth was not covered by another health care Plan, including Medicaid.

- You gain access to a new Group Health Plan as a result of a permanent move.
- You and/or your Dependents experience a loss of other coverage, and you meet the following requirements:
  - You and/or your Dependent must otherwise be eligible for coverage under the terms of the Group Health Plan.
  - When coverage under this Group Health Plan was previously declined, you and/or your Dependent must have been covered under another Group Health Plan or must have had other health insurance coverage.
  - When the coverage was previously declined:
    - You and/or your Dependent had COBRA Continuation Coverage under another Plan and COBRA Continuation under that other Plan has since been exhausted; or
    - If the other coverage that applied to you and/or your Dependent when enrollment was declined was not under a COBRA continuation provision, either the other coverage has been terminated as a result of loss of eligibility for the coverage or employer contributions towards the other coverage have been terminated.

  For purposes of the above provision, "exhaustion of COBRA Continuation Coverage" means that the individual's COBRA Continuation Coverage has ceased for any reason other than failure to pay premiums on a timely basis, or for cause (such as making a fraudulent claim or an intentional misrepresentation of material fact in connection with the Plan).

"Loss of eligibility for coverage" includes a loss of coverage as a result of any of the following:

- Legal separation, divorce, death, or dissolution of a Domestic Partnership (if applicable);
- Loss of Dependent status, such as attaining the limiting age to be eligible as a Dependent child under this Certificate;
- Termination of employment, reduction in the number of hours of employment, or loss of coverage due to a policy no longer offering Benefits to the class of similarly situated individuals that includes you and/or your Dependents;
- Loss of coverage through an HMO in the individual market because you and/or your Dependents no longer reside, live or work in the HMO service area;
- Loss of coverage through an HMO or other arrangement in the group market because you and/or your Dependents no longer reside, live or work in the HMO service area, and no other coverage is available to you and/or your Dependents; or
- You incur a claim that would meet or exceed a lifetime limit on all Benefits.

Loss of eligibility does not include a loss due to failure of the individual or the participant to pay premiums on a timely basis or termination of coverage for cause (such as making a fraudulent claim or any intentional misrepresentation of material fact in connection with the Plan).

Your application for special enrollment must be received by the Plan within 31 days following the loss of other coverage.

Coverage under special enrollment will be effective no later than the first day of the month after the Plan receives your application for enrollment for yourself or on behalf of your Dependent(s).

- **Special Enrollment for Court-Ordered Dependent Coverage**

  An Eligible Dependent is not considered a late enrollee if the Member's application to add the Dependent is received by the Plan within 31 days after issuance of a court order requiring coverage be provided for a spouse or minor or Dependent child under the Member's coverage. The Effective Date will be determined by the Plan in accordance with the provisions of the court order.

- **Special Enrollment Related to Medicaid and Child Health Insurance Program (CHIP) Coverage**

  A 60-day Special Enrollment Period occurs when Employees and Dependents who are eligible but not enrolled for coverage in the Group Health Plan experience either of the following Qualifying Events:

  - The Employee's or Dependent's Medicaid or CHIP coverage is terminated as a result of loss of eligibility; or
  - The Employee or Dependent becomes eligible for a Group Health Plan premium assistance subsidy under Medicaid or CHIP.

  An Employee must request this special enrollment into the Group Health Plan within 60 days of the loss of Medicaid or CHIP coverage, and within 60 days of the Employee or Dependent becoming eligible for a Group Health Plan premium assistance subsidy under Medicaid or CHIP.

Coverage resulting from any of the "Special Enrollment Events" outlined above is contingent upon timely completion of the application and remittance of the appropriate premiums in accordance with the guidelines as established by the Plan.

This section *"Special Enrollment Periods/Effective Date of Coverage"* is subject to change by the Plan and/or applicable law, as appropriate.

NOTIFICATION OF ELIGIBILITY CHANGES

It is the Subscriber's responsibility to notify the Plan, of any change to a Subscriber's name or address. An address change may result in Benefit changes for you and your Dependents if you move out of the Plan's Network Service Area. You may call Customer Service at the number shown on your Identification Card or visit our website at www.bcbsok.com.

QUALIFIED COURT ORDERS FOR MEDICAL COVERAGE FOR DEPENDENT CHILDREN

The Plan will honor certain qualified medical child support orders (QMCSO). To be qualified, a court of competent jurisdiction must enter an order for child support requiring coverage under the Group Health Plan on behalf of your children. An order or notice issued through a state administrative process that has the force of law may also provide for such coverage and be a QMCSO.

The order must include specific information such as:

- your name and address;
- the name and address of any child covered by the order;
- a reasonable description of the type of coverage to be provided to the child or the manner by which the coverage is to be determined;
- the period to which the order applies; and

- each Group Health Plan to which the order applies.

To be a qualified order, the order cannot require the Plan to provide any type or form of Benefits, or any option not otherwise provided by the Group Health Plan, except as otherwise required by law. You will be responsible for paying all applicable premium contributions, and any Deductible, Copayment and/or Coinsurance or other cost sharing provisions which apply to your and your Dependent's coverage.

The Plan has to follow certain procedures with respect to qualified medical child support orders. If such an order is issued concerning your child, you should contact a Customer Service Representative at the number shown on your Identification Card.

DELETING A DEPENDENT

You can change your coverage to delete Dependents. The change will be effective at the end of the month and/or billing period during which eligibility ceases.

COBRA CONTINUATION COVERAGE

THIS PROVISION MAY NOT APPLY TO YOUR GROUP'S COVERAGE. PLEASE CHECK WITH YOUR GROUP ADMINISTRATOR TO DETERMINE IF YOUR GROUP IS SUBJECT TO COBRA* REGULATIONS

- **Eligibility for Continuation Coverage**

  When a Qualifying Event occurs, eligibility under this Certificate may continue for you and/or your Eligible Dependents (including your widow/widower, your divorced or legally separated spouse, and your children) who were covered on the date of the Qualifying Event. A child who is born to you, or Placed for Adoption with you, during the period of COBRA Continuation Coverage is also eligible to elect COBRA Continuation Coverage.

  You or your Eligible Dependent is responsible for notifying the Employer within 60 days of the occurrence of any of the following events:

  – Your divorce or legal separation; or

  – Your Dependent child ceasing to be an Eligible Dependent under the Plan; or

  – The birth, adoption, or Placement for Adoption of a child while you are covered under COBRA Continuation Coverage.

  A Domestic Partner is not recognized as a spouse for certain federally regulated programs, such as COBRA Continuation Coverage and Medicare.

- **Election of Continuation Coverage**

  You or your Eligible Dependent must elect COBRA Continuation Coverage within 60 days after the later to occur of:

  - the date the Qualifying Event would cause you or your Dependent to lose coverage; or

  - the date your Employer notifies you, or your Eligible Dependent, of your COBRA Continuation Coverage rights.

- **COBRA Continuation Coverage Period**

  You and/or your Eligible Dependents are eligible for coverage to continue under your Group's coverage for a period not to exceed:

  – 18 months from the date of a loss in coverage resulting from a Qualifying Event involving your termination

* *Consolidated Omnibus Budget Reconciliation Act of 1985, as amended*

of employment or reduction in working hours; or

- 36 months from the date of a loss in coverage resulting from a Qualifying Event involving:
  - your death, divorce or legal separation, or your loss of coverage due to becoming entitled to Medicare; or
  - the ineligibility of a Dependent child;

  provided the premiums are paid for the coverage as required.

- **Disability Extension**
  - COBRA Continuation Coverage may be extended from 18 months to 29 months for you or an Eligible Dependent who is determined by the Social Security Administration to have been disabled on the date of a Qualifying Event, or within the first 60 days of COBRA Continuation Coverage. This 11-month disability extension is also available to nondisabled family members who are entitled to COBRA Continuation Coverage.
  - To request the 11-month disability extension, you or your Dependent must give notice of the disability determination to the Employer before the end of the initial 18-month COBRA Continuation Coverage period, and no later than 60 days after the date of the Social Security Administration's determination. In addition, you or your Dependent must notify the Employer within 30 days after the Social Security Administration makes a determination that you or your Dependent is no longer disabled.

- **Multiple Qualifying Events**

  In the event an Eligible Dependent experiences a second Qualifying Event after onset of COBRA Continuation Coverage resulting from your termination or reduction in work hours, the maximum period of coverage is 36 months from the date of a loss in coverage resulting from the first Qualifying Event. This extension is available to the Eligible Dependent only.

- **Special TAA/ATAA Election Period**

  An Employee who loses his/her job due to a trade-related reason may be entitled to a second 60-day COBRA election period if the Employee did not elect COBRA Continuation Coverage when initially eligible to do so. In order to qualify for this election period, the U. S. Department of Labor (or a state labor agency) must issue a certification showing that the job loss was due to trade-related reasons and that the Employee is entitled to "trade adjustment assistance" (TAA) or "alternate trade adjustment assistance" (ATAA). The special 60-day election period begins on the first day of the month in which the Employee becomes eligible for trade adjustment assistance, as determined by the Department of Labor or state labor agency. The Employee is not eligible for the special election period if the TAA/ATAA eligibility determination is made more than six months after termination of employment.

WHEN COVERAGE UNDER THIS CERTIFICATE ENDS

When a Subscriber is no longer an Eligible Person or Eligible Dependent, coverage stops at the end of the month and/or billing period during which eligibility ceases, except in the following cases:

- In the case of an Employee whose coverage is terminated under a Group Health Plan that is not subject to COBRA Continuation Coverage, such Employee and his/her Dependents shall remain insured under the Contract for a period of 63 days after such termination, unless during such period the Employee and his/her Dependents shall otherwise become entitled to similar insurance from some other source.
- When a Subscriber ceases to be an Eligible Dependent by reason of death, coverage for that Subscriber will cease on the date of death.
- A Subscriber's COBRA Continuation Coverage, when applicable, will cease on the earliest to occur of the

following dates:

- – The date the billing period ends following expiration of the 18-month, 29-month or 36-month COBRA Continuation Coverage period, whichever is applicable;
- – The first day of the month that begins more than 30 days after the date of the Social Security Administration's final determination that the Subscriber is no longer disabled (when coverage has been extended from 18 months to 29 months due to disability);
- – The date on which the Group stops providing any Group Health Plan to any Employee;
- – The date on which coverage stops because of a Subscriber's failure to pay to the Group any premiums required for the COBRA Continuation Coverage;
- – The date on which the Subscriber first becomes (after the date of the election) covered under any other Group Health Plan which does not contain any exclusion or limitation with respect to a preexisting condition applicable to the Subscriber (or the date the Subscriber has satisfied the preexisting condition exclusion period under that Plan); or
- – The date on which the Subscriber becomes (after the date of the election) entitled to benefits under Medicare.

Your coverage will terminate retroactive to your Effective Date if you or the Group commits fraud or intentional misrepresentation of material fact in applying for or obtaining coverage under the Group Contract. Your coverage will end immediately if you file a fraudulent claim.

If your premiums are not paid, your coverage will stop at the end of the month and/or billing period for which your premiums have been paid.

Termination of the Group Contract automatically ends all of your coverage at the same time and date. It is the responsibility of your Group to tell you of such termination.

WHAT WE WILL PAY FOR AFTER YOUR COVERAGE ENDS

- If your coverage terminates for any reason under a Group Health Plan that is not subject to COBRA Continuation Coverage, Benefits under this Certificate will end on the Effective Date and time of such termination. However, termination will not deprive you of any Benefits to which you would otherwise be entitled for Covered Services incurred during the course of a Hospital confinement that began before the date and time of termination. Benefits will be provided only for a period of time which is the lesser of:
  - – a period of time equal to the length of time you were covered under this Certificate; or
  - – the duration of the Hospital confinement; or
  - – 90 days following termination of coverage; or
  - – the date you become entitled to similar insurance through some other source.
- If your coverage ends because the Member terminates employment, or because the Group itself is terminated, Benefits under this Certificate will end on the Effective Date and time your coverage is terminated, except as provided below:
  - – In the event the Group Health Plan is not subject to COBRA Continuation Coverage, a Subscriber who was insured under this Certificate for six months prior to the date coverage is terminated will be entitled to an extension of Benefits under this Certificate if:
    - o Covered Services are incurred due to illness or injury because of which the Subscriber is Totally Disabled at the date and time such coverage is terminated; or
    - o the Subscriber has not completed a plan of surgical treatment (including Maternity Care and delivery expenses) which began prior to the date and time of such termination of coverage.
  - – Coverage for the extension of Benefits shall be limited to a period which is the lesser of:

- the duration of the uninterrupted existence of such Total Disability or completion of a plan of surgical treatment; or
- the payment of maximum Benefits; or
- six months following the date and time of termination of coverage.

- Your premiums must be submitted to the Plan during the period of the extension of Benefits and will be the same premiums which would have been charged for the coverage provided under this Certificate had termination not occurred.
- The Plan shall have no liability for any Benefits for Covered Services incurred after the termination of this Certificate, except as provided above.
- Benefits are not provided, even if Prior Authorization was received from the Plan, after a Subscriber's coverage under this Certificate is terminated.

Comprehensive Health Care Services

This section lists the Covered Services under your Certificate. **Please note that services must be determined to be Medically Necessary by the Plan in order to be covered under this Certificate.**

Coverage of items and services provided to you is subject to Blue Cross and Blue Shield of Oklahoma policies and guidelines, including, but not limited to, medical, medical management, utilization or clinical review, utilization management, and clinical payment and coding policies, which are updated throughout the Plan year. These policies are resources utilized by Blue Cross and Blue Shield of Oklahoma when making coverage determinations and lay out the procedure and/or criteria to determine whether a procedure, treatment, facility, equipment, Drug, or device is Medically Necessary and is eligible as a Covered Service or is Experimental/Investigational/Unproven, cosmetic, or a convenience item. The clinical payment and coding policies are intended to ensure accurate documentation for services performed and require all Providers to submit claims for services rendered using valid code combinations from Health Insurance Portability and Accountability Act ("HIPAA") approved code sets. Under the clinical payment and coding policies, claims are required to be coded correctly according to industry standard coding guidelines including, but not limited to: Uniform Billing ("UB") Editor, American Medical Association ("AMA"), Current Procedural Terminology ("CPT®"), CPT® Assistant, Healthcare Common Procedure Coding System ("HCPCS"), ICD-10 CM and PCS, National Drug Codes ("NDC"), Diagnosis Related Group ("DRG") guidelines, Centers for Medicare and Medicaid Services ("CMS") National Correct Coding Initiative ("NCCI") Policy Manual, CCI table edits and other CMS guidelines. Coverage for Covered Services is subject to the code edit protocols for services/procedures billed and claim submissions are subject to applicable claim review which may include, but is not limited to, review of any terms of benefit coverage, Provider Contract language, medical and medical management policies, utilization or clinical review or utilization management policies, reimbursement and coding policies as well as coding software logic, including but not limited to lab management or other coding logic or edits.

Any line on the claim that is not correctly coded and is not supported with accurate documentation (where applicable) may not be included in the covered charge and will not be eligible for payment by the Plan. The clinical payment and coding policies apply for purposes of coverage regardless of whether the Provider rendering the item or service or submitting the claim is participating or non-participating. The most up-to-date medical policies and clinical procedure and coding policies are available at www.bcbsok.com or by contacting a Customer Service Representative at the number shown on your Identification Card.

  – **Bone Marrow Transplant**

    A medical and/or surgical procedure comprised of several steps or stages including:

    o hospitalization, observation, and management of reasonably anticipated complications such as graft versus host disease, infections, bleeding, organ or system toxicities and low blood counts.

    The above definition of autologous Bone Marrow Transplant specifically includes transplants wherein the transplant component is derived from circulating blood in lieu of, or in addition to, harvested directly from the bone marrow, a procedure commonly known as peripheral stem cell or progenitor cell transplant or rescue procedure. Drugs listed on the Drug List are selected by the Plan based upon the recommendations of a committee, which is made up of current and previously practicing Physicians and pharmacists from across the country, some of whom are employed by or affiliated with the Plan. The committee considers existing drugs approved by the FDA, as well as those newly FDA-approved for inclusion on the Drug List. Entire drug classes are also regularly reviewed. Some of the factors committee members evaluate include each drug's safety, effectiveness, cost and how it compares with drugs currently on the Drug List.

Positive changes (e.g., adding drugs to the Drug List, drugs moving to a lower payment tier) occur quarterly after review by the committee. Changes to the Drug List that could have an adverse financial impact to you (e.g., drug exclusion, drug moving to a higher payment tier, or drugs requiring step therapy or Prior Authorization) occur quarterly or annually. However, when there has been a pharmaceutical manufacturer's recall or other safety concern, changes to the Drug List may occur more frequently.

The Drug List and any modifications will be made available to you. By accessing the Plan's website at www.bcbsok.com or calling the customer service toll-free number on your Identification Card, you will be able to determine the Drug List that applies to you and whether a particular drug is on the Drug List.

In addition to any Deductible, Copayment and/or Coinsurance amounts applicable to your coverage, you will be responsible for the cost difference, if any, between the Pharmacy's billed charges and the Allowable Charge determined by the Plan. **NOTE: Vaccinations administered by a Pharmacy that is not a Participating**

Retail Pharmacy Vaccination Network Provider are not covered under this *Outpatient Prescription Drugs and Related Services* section.

- You may not be required to pay the difference in cost between the Allowable Charge of the Brand Name Drug and the Allowable Charge of the Generic Drug if there is a medical reason (e.g., adverse event) you need to take the Brand Name Drug and certain criteria are met. Your health care Provider can submit a request to waive the difference in cost between the Allowable Charge of the Brand Name Drug and Allowable Charge of the Generic Drug. In order for this request to be reviewed, your health care Provider must send in a Med Watch form to the Food and Drug Administration (FDA) to let them know the issues you experienced with the generic equivalent. Your health care Provider must provide a copy of this form when requesting the waiver. The FDA MedWatch form is used to document adverse events, therapeutic inequivalence/failure product quality problems, and product use/medication error. This form is available on the FDA website. If the waiver is granted, applicable Copayment, Coinsurance, and any Deductible will still apply. For additional information, you may access the website at www.bcbsok.com or contact customer service at the toll-free number on your Identification Card.

PRESCRIPTION DRUG SUPPLY/DISPENSING LIMITS

The Plan has the right to determine the day supply or unit dosage limits at its sole discretion. Benefits may be denied if drugs are dispensed or delivered in a manner intended to change, or having the effect of changing or circumventing, the stated maximum supply limitations.

- **Benefit Supply Limits per Prescription**

  For each Copayment and/or Coinsurance amount specified for your Prescription Drug program, you can obtain the following supply of a single Prescription Drug or other item covered under this program (unless otherwise specified).

  Benefits will be provided for Prescription Drugs dispensed in the following quantities:

  – **Retail Pharmacy and Specialty Pharmacy Network Providers** – During each one-month period, up to a 30-day supply for drugs. However, some Specialty Drugs have FDA approved dosing regimens exceeding the 30-day supply limits and may be allowed greater than a 30 day-supply, if allowed by your Plan Benefits.

  – **Extended Prescription Drug Supply Program and Mail-Order Pharmacy Program –** During each three-month period, up to a 90-day supply for drugs designated by the Plan as Maintenance Prescription Drugs. If less than a 90-day supply is ordered, the extended supply or mail-order Copayment and/or Coinsurance will still apply.

  A separate Copayment and/or Coinsurance amount will apply to each fill of a medication having a unique strength, dosage, or dosage form.

  A separate Copayment and/or Coinsurance amount will apply to each fill of a prescription purchased on the same day for insulin and insulin syringes.

  Benefits are not provided under your Certificate for charges for Prescription Drugs dispensed in excess of the above stated amounts.

  Benefits will not be provided for a prescription refill until 75% of the previous Prescription Order (or 70% for covered prescription eyedrops) has been used by the Subscriber. An exception to this provision may be granted on at least one occasion per year to synchronize your Prescription Drug refills for certain covered maintenance medications so that they are refilled on the same schedule for a given time period. When necessary to permit synchronization, the Plan shall apply a prorated daily cost-sharing rate to any covered medication dispensed by a Participating Pharmacy. Some prescriptions may be subject to a shorter refill window. Please call Customer Service for details.

- **Multi-Category Split-Fill Program**

  If this is your first time using select medications in certain drug classes (e.g., medications for cancer, multiple sclerosis, lung disorders, etc.) or if you have not filled one of these medications within 120 days, you may only

be able to receive a partial fill (14 – 15-day supply) of the medication for up to the first 3 months of therapy. This is to help see how the medication is working for you. If you receive partial fill, your Copayment and/or Coinsurance after your Deductible will be adjusted to align with the quantity of medication dispensed. If the medication is working for you and your Physician wants you to continue on this medication, you may be eligible to receive up to a 30-day supply after completing up to 3 months of the partial supply. For a list of drugs that are included in this program, please visit the https://www.bcbsok.com/rx-drugs/pharmacy/pharmacy-programs website.

- **Clinical Dispensing Limits Applicable to Certain Drugs**

  In addition to the supply limits stated above and regardless of the quantity of a Covered Drug prescribed by a Physician, the Plan has the right to establish dispensing limits on Covered Drugs. These limits, which are based upon FDA dosing recommendations and nationally recognized clinical guidelines, identify gender or age restrictions, and/or the maximum quantity of a drug (or member of a drug class) that can be dispensed to you over a specific period of time. Such limits are in place to encourage appropriate drug use, patient safety, and reduce stockpiling. Benefits for a Covered Drug may also be denied if the drug is dispensed or delivered in a manner intended to avoid the Plan-established dispensing limit. If you need a drug quantity that exceeds the dispensing limit, ask your doctor to submit a request for review to the Plan on your behalf. The request will be approved or denied after the clinical information submitted by the prescribing Provider has been evaluated by the Plan.

- **Controlled Substances Limitation**

  If the Plan determines that a Subscriber may be receiving quantities of controlled substance medications not supported by FDA approved dosages or recognized safety or treatment guidelines, Benefits may be subject to a review to determine Medical Necessity, or appropriateness and other restrictions such as limiting coverage to services provided by a certain Provider and/or Pharmacy for the prescribing and dispensing of the controlled substance medication and/or limiting coverage to certain quantities. For the purposes of this provision, controlled substance medications are medications classified and restricted by state or federal laws.

THERAPEUTIC EQUIVALENT RESTRICTIONS

Some drugs have therapeutic equivalents/therapeutic alternatives. In some cases, the Plan may limit Benefits to only certain therapeutic equivalents/therapeutic alternatives that are covered under your Benefit, the drug purchased will not be covered under any Benefit level.

PRESCRIPTION DRUG PRIOR AUTHORIZATION AND STEP THERAPY PROCESS

The Plan has designated certain drugs which require Prior Authorization in order for Benefits to be available under this Certificate. Prior Authorization means that in order to ensure that a drug is safe, effective, and part of a specific treatment plan, certain medications may require Prior Authorization and the evaluation of additional clinical information before dispensing.

A form of Prior Authorization is our Step Therapy program – a "step" approach to providing Benefits for certain medications your Physician prescribes for you. This means that you may first need to try one or more "prerequisite" medications before certain high-cost medications are approved for coverage under your Prescription Drug program. Although you may currently be on therapy, your claim may need to be reviewed to see if the criteria for coverage of further treatment has been met. A documented treatment with a Generic Drug or Brand Name therapeutic alternative medication may be required for continued coverage of the Brand Name Drug.

You can obtain a listing of the drugs which require Prior Authorization or Step Therapy by contacting a Customer Service Representative at the number shown on your Identification Card. Or you may request a listing by writing to:

Blue Cross and Blue Shield of Oklahoma
P.O. Box 3283
Tulsa, OK 74102-3283

Please keep in mind that the listing of drugs requiring Prior Authorization will change periodically as new drugs are developed or as required to assure Medical Necessity.

If your Physician or other Provider prescribes a drug which requires Prior Authorization, you, the Physician, or

other Provider may request Prior Authorization by calling Customer Service at the number listed on your Identification Card.

When you present your Prescription Order to a Participating Pharmacy, along with your Blue Cross and Blue Shield of Oklahoma Identification Card, the pharmacist will submit an electronic claim to the Plan to determine the appropriate Benefits.

If the Prior Authorization request is approved your pharmacist will dispense the Prescription Drug as prescribed and collect any applicable Deductible, Copayment and/or Coinsurance amount.

If the Prior Authorization request is denied, the pharmacist will receive an electronic message indicating that Benefits are not available for the prescription. You will be responsible for the full cost of your prescription.

If you purchase your prescriptions from an Out-of-Network (non-Participating) Pharmacy, or if you do not have your Identification Card with you when you purchase your prescriptions, it will be your responsibility to pay the full cost of the Prescription Drugs and to submit a claim form (with your itemized receipt) to receive any Benefits available under your Prescription Drug program. Send the completed claim form to:

Prime Therapeutics
P.O. Box 25136
Lehigh Valley, PA 18002-5136

If the drug you received is one which requires prior approval, the Plan will review the claim to determine if Prior Authorization approval would have been given. If so, Benefits will be processed in accordance with your Prescription Drug coverage. If the Prior Authorization approval is denied, no Benefits will be available under this Certificate for the Prescription Order.

To view a listing of the drugs which are included in the Prior Authorization /Step Therapy program, please visit our website at https://www.bcbsok.com/rx-drugs/drug-lists/drug-lists. If you have questions about Prior Authorization, or Step Therapy, please call a Customer Service Representative at the number shown on your Identification Card for assistance.

General Provisions

This section tells Benefits to which you are entitled;

- How to get Benefits;
- Your relationship with Hospitals, Physicians, and other Providers;
- Your relationship with us;
- Coordination of Benefits when you have other coverage.

BENEFITS TO WHICH YOU ARE ENTITLED

We provide only the Benefits specified in this Certificate.

Only Subscribers are entitled to Benefits from us and they may not transfer their rights to Benefits to anyone else.

Benefits for Covered Services specified in this Certificate will be covered only for those Providers specified in this Certificate.

PRIOR APPROVAL

The Plan does not give prior approval or guarantee Benefits for any services in any oral or written communication to Subscribers or other persons or entities requesting such information or approval.

NOTICE AND PROPERLY FILED CLAIM

The Plan will not be liable under this Certificate unless proper notice is furnished to the Plan that Covered Services have been rendered to you. Upon receipt of written notice, the Plan will furnish claim forms to you for submitting a Properly Filed Claim. If the forms are not furnished within 15 days after the Plan receives your notice, you can comply with the Properly Filed Claim requirements by forwarding to the Plan, within the time period set forth below, written proof covering the occurrence, character, and extent of loss for which the claim is made.

Your Properly Filed Claim must be furnished to the Plan within 180 days after the end of the Benefit Period for which the claim is made.

Failure to provide a Properly Filed Claim to the Plan within the time specified above will not reduce any Benefit if you show that the claim was given as soon as reasonably possible.

LIMITATION OF ACTIONS

No legal action may be taken to recover Benefits within 60 days after a Properly Filed Claim has been made. No such action may be taken later than three years after expiration of the time within which a Properly Filed Claim is required by this Certificate.

PAYMENT OF BENEFITS

You authorize us to make payments directly to Providers giving Covered Services for which we provide Benefits under this Certificate. We also reserve the right to make payments directly to you.

You cannot assign your right to receive payment to anyone else, either before or after Covered Services are received, except as permitted by applicable law.

Once a Provider performs a Covered Service, we will not honor a request not to pay the claims submitted.

Benefits under this Certificate will be based upon the Allowable Charge (as we determine) for Covered Services. A Network Provider may collect any Deductible, Copayment and/or Coinsurance amounts applicable to your coverage, but you will not be responsible for any amounts that exceed the Allowable Charge for Covered Services.

However, if you receive Covered Services from an Out-of-Network Provider, you may be responsible for amounts which exceed the Allowable Charge, in addition to any Deductible, Copayment and/or Coinsurance amounts which may apply.

FEDERAL BALANCE BILLING AND OTHER PROTECTIONS

This section is based upon the No Surprises Act, a federal law enacted in 2020 and effective for Plan years beginning on or after January 1, 2022. Unless otherwise required by federal or Oklahoma law, if there is a conflict between the terms of this **FEDERAL BALANCE BILLING AND OTHER PROTECTIONS** section and the terms in the rest of this Certificate, the terms of this section will apply. However, definitions set forth in the ***Federal No Surprises Act Definitions*** provision of this section are for purposes of this section only.

- **Continuity of Care**

  If you are under the care of a Participating Provider as defined in the Certificate who stops participating in the Plan's network (for reasons other than failure to meet applicable quality standards, including medical incompetence or professional behavior, or fraud), you may be able to continue coverage for that Provider's Covered Services at the Participating Provider Benefit level if one of the following conditions is met:

  - you are undergoing a course of treatment for a serious and complex condition;
  - you are undergoing institutional or Inpatient care;
  - you are scheduled to undergo nonelective Surgery from the Provider (including receipt of postoperative carefrom such Provider with respect to such Surgery);
  - you are pregnant or undergoing a course of treatment for your pregnancy, or
  - you are determined to be terminally ill.

  A serious and complex condition is one that (1) for an acute illness, is serious enough to require specialized medical treatment to avoid the reasonable possibility of death or permanent harm (for example, if you are currently receiving Chemotherapy, Radiation Therapy, or post-operative visits for a serious acute disease or condition), and (2) for a chronic illness or condition, is (i) life-threatening, degenerative, disabling or potentially disabling, or congenital, and (ii) requires specialized Medical Care over a prolonged period of time.

  Continuity coverage described in this provision shall continue until the treatment is complete but will not extendfor more than 90 days beyond the date the Plan notifies you of the Provider's termination, or any longer period provided by state law. If you are in the second or third trimester of pregnancy when the Provider's termination takes effect, continuity of coverage may be extended through delivery of the child, immediate postpartum care, and the follow-up check-up within the first six (6) weeks of delivery. You have the right to appeal any decision made for a request for Benefits under this provision, as explained in the ***Complaint/Appeal Procedure*** section of this Certificate.

- **Federal No Surprises Act Definitions**

  The definitions below apply only to this **FEDERAL BALANCE BILLING AND OTHER PROTECTIONS** section. To the extent thesame terms are defined in both the ***Definitions*** section of this Certificate, those terms will apply only to their use in the Certificate or this **FEDERAL BALANCE BILLING AND OTHER PROTECTIONS** section, respectively.

  "Air Ambulance Services" means, for purposes of this section only, medical transport by helicopter or airplane for patients.

  "Emergency Medical Condition" means, for purposes of this section only, a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in a condition: (i) placing the health of the individual, or with respect to a pregnant

woman her unborn child in serious jeopardy; (ii) constituting a serious impairment to bodily functions; or (iii) constituting a serious dysfunction of any bodily organ or part.

"Emergency Services" means, for purposes of this section only:

- a medical screening examination performed in the emergency department of a Hospital or a freestanding emergency department;
- further medical examination or treatment you receive at a Hospital, regardless of the department of the Hospital, or a freestanding emergency department to evaluate and treat an emergency medical condition until your condition is stabilized; and
- Covered Services you receive from a Non-Participating Provider during the same visit after your emergencymedical condition has stabilized unless:

    - your Non-Participating Provider determines you can travel by non-medical or non-emergency transport;
    - your Non-Participating Provider has provided you with a notice to consent form for balance billingof services; and
    - you have provided informed consent.

"Non-Participating Provider" means, for purposes of this section only, with respect to a covered item or service, a Physician or other health care provider who does not have a Contractual relationship with Blue Cross and Blue Shield of Oklahoma (BCBSOK) for furnishing such item or service under the Plan.

"Non-Participating Emergency Facility" means, for purposes of this section only, with respect to a covered item or service, an emergency department of a Hospital or an independent freestanding emergency department that does not have a Contractual relationship with BCBSOK for furnishing such item or service under the Plan.

"Participating Provider" means, for purposes of this section only, with respect to a Covered Service, a Physician or other health care Provider who has a Contractual relationship with BCBSOK setting a rate (above which the Provider cannot bill the Member) for furnishing such item or service under the Plan to which this Amendment is attached regardless of whether the Provider is considered a Preferred or in-network Provider for purposes of in-network or Out-of-Network Benefits under the subject Plan.

"Participating Facility" means, for purposes of this section only, with respect to Covered Service, a Hospital or ambulatory surgical center that has a Contractual relationship with BCBSOK setting a rate (above which the Provider cannot bill the Member) for furnishing such item or service under the Plan, regardless of whether the Provider is considered a Preferred or in-network Provider for purposes of in-network or Out-of-Network Benefits under the subject Plan.

"Qualifying Payment Amount" means, for purposes of this section only, a median of Contracted rates calculated pursuant to federal or state law, regulation and/or guidance.

"Recognized Amount" means, for purposes of this section only, an amount determined pursuant a state law that provides a method for determining the total amount payable for the item or service (if applicable); or, if there is no state law that provides a method for determining the total amount payable for the item or service, the lesser of the Qualifying Payment Amount or billed charges.

- **Federal No Surprises Act Surprise Billing Protections**

  The federal No Surprises Act contains various protections relating to surprise medical bills on services performed by Non-Participating Providers and Non-Participating Emergency Facilities. The items and services included in these protections ("Included Services") are listed below.

  – Emergency Services obtained from a Non-Participating Provider or Non-Participating Emergency Facility.
  – Covered non-Emergency Services performed by a Non-Participating Provider at a Participating Facility (unless you give written consent and give up balance billing protections).
  – Air Ambulance Services received from a Non-Participating Provider if the services would becovered if received from a Participating Provider.

    - **Claim Payments**

      For Included Services, the Plan will send an initial payment or notice of denial of payment directly to the Provider.

    - **Cost-Sharing**

      For non-Emergency Services performed by Non-Participating Providers at a Participating Facility, and for Emergency Services provided by a Non-Participating Provider or Non-Participating Emergency Facility, the Recognized Amount is used to calculate your cost-share requirements, including Deductibles, Copayments, and Coinsurance.

      For Air Ambulance Services received from a Non-Participating Provider, if the services would be covered if received from a Participating Provider, the amount used to calculate your cost-share requirements, including Deductibles, Copayments, and Coinsurance, will be the lesser of the QualifyingPayment Amount or billed charges.

      For Included Services, these cost-share requirements will be counted toward your Participating Providerdeductible and/or Out-of-Pocket Limit, if any.

- **Prohibition of Balance Billing**

  You are protected from balance billing on Included Services as set forth below.

  If you receive Emergency Services from a Non-Participating Provider or non-Participating Emergency Facility, the most the Non-Participating Provider or Non-Participating Emergency Facility may bill you is your in-network cost-share. You cannot be balance billed for these Emergency Services unless you give written consent and give up your protections not to be balanced billed for services you receive after you arein a stable condition.

  When you receive Covered Non-Emergency Services from a Non-Participating Provider at a Participating Facility, the most those Non-Participating Providers may bill you is your Plan's in-network cost-share requirements. When you receive emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services at a Participating Facility, Non- Participating Providers can't balance bill you and may not ask you to give up your protections not to be balance billed. If you get other services at Participating Facilities, Non-Participating Providers can't balance bill you unless you give written consent and give up your protections.

If your Plan includes Air Ambulance Services as a Covered Service, and such services are provided by a Non-Participating Provider, the most the Non-Participating Provider may bill you is your in-network cost- share. You cannot be balance billed for these Air Ambulance Services.

OUT-OF-AREA SERVICES

Blue Cross and Blue Shield of Oklahoma has a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as "Inter-Plan Arrangements". These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross and Blue Shield Association. Whenever you access Covered Services outside of our service area, you will receive it from one of two kinds of Providers. Most Providers ("participating Providers") Contract with the local Blue Cross and/or Blue Shield Licensee in that geographic area ("Host Blue"). Some Providers ("non-Contracting Providers") do not Contract with the Host Blue. We explain how we pay both types below.

- **BlueCard® Program**

  Under the BlueCard® Program, when you receive Covered Services within the geographic area served by a Host Blue, we will remain responsible for what we agreed to in the Certificate. However, the Host Blue is responsible for Contracting with and generally handling all interactions with its participating Providers.

  For Inpatient facility services received in a Hospital, the Host Blue's participating Provider is required to obtain Prior Authorization. If Prior Authorization is not obtained, Benefits will be reduced based on the Host Blue's Contractual agreement with the Provider, and the Member will be held harmless for the Provider sanction.

  Whenever you receive Covered Services outside our service area and the claim is processed through the BlueCard Program, the amount you pay for Covered Services is calculated based on the lower of:

  – the billed charges for your Covered Services; or

  – the negotiated price that the Host Blue makes available to us.

  Often, this "negotiated price" will be a simple discount that reflects an actual price that the Host Blue pays to your health care Provider. Sometimes, it is an estimated price that takes into account special arrangements with your health care Provider or Provider Group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of health care Providers after taking into account the same types of transactions as with an estimated price.

  Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over-or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price we use for your claim because they will not be applied after a claim has already been paid.

- **Non-Participating Health Care Providers Outside the Plan's Service Area**

  – **Liability Calculation**

    In general, when Covered Services are provided outside of the Plan's service area by non-participating Providers, the amount(s) a Subscriber pays for such services will be calculated using the methodology described in the Certificate for non-participating Providers located outside our service area. You may be responsible for the difference between the amount that the non-participating Provider bills and the payment the Plan will make for the Covered Services as set forth in this paragraph. Payments for Out-of-Network emergency services are governed by applicable federal and state law.

  – **Exceptions**

    In some exception cases, the Plan may, but is not required to, in its sole and absolute discretion, negotiate a payment with such non-participating Provider on an exception basis. If a negotiated payment is not available, then the Plan may make a payment based on the lesser of:

    o the amount calculated using the methodology described in the Certificate for non-participating Providers located inside our service area (described above); or

- the following:
  - For professional Providers, make a payment based on publicly available Provider reimbursement data for the same or similar professional services, adjusted for geographical differences where applicable; or
  - For Hospital or facility Providers, make a payment based on publicly available data reflecting the approximate costs that Hospitals or facilities have incurred historically to provide the same or similar service, adjusted for geographical differences where applicable, plus a margin factor for the Hospital or facility.

  In these situations, you may be liable for the difference between the amount that the non-participating Provider bills and the payment Blue Cross and Blue Shield of Oklahoma will make for the Covered Services as set forth above.

- **Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees**

  Federal or state laws or regulations may require a surcharge, tax or other fee that applies to insured Employer accounts. If applicable, Blue Cross and Blue Shield of Oklahoma will include any such surcharge, tax, or other fee as part of the claim charge passed on to you.

- **Value-Based Programs**

  If you receive Covered Services under a Value-Based Program inside a Host Blue's service area, you will not be responsible for paying any of the Provider Incentives, risk-sharing and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host blue passes these fees to the Plan through average pricing or fee schedule adjustments.

- **Blue Cross Blue Shield Global Core**

  If you are outside the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands (hereinafter "BlueCard service area"), you may be able to take advantage of Blue Cross Blue Shield Global Core when accessing Emergency Care Services. Blue Cross Blue Shield Global Core is unlike the BlueCard Program available in the BlueCard service area in certain ways. For instance, although the Blue Cross Blue Shield Global Core assists you with accessing a network of Inpatient, Outpatient and professional Providers, the network is not served by a Host Blue. As such, when you receive care from Providers outside the BlueCard service area, you will typically have to pay the Providers and submit the claims yourself to obtain reimbursement for these services.

  If you need medical assistance services (including locating a doctor or Hospital) outside the BlueCard service area, you should call the service center at 1-800-810-BLUE (2583) or call collect at 1-804-673-1177, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, can arrange a Physician appointment or hospitalization, if necessary.

  - **Emergency Care Services**

    This Certificate covers only limited health care services received outside of the United States. As used in this section, "Out-of-Area Covered Services" include Emergency Care, and Urgent Care obtained outside the geographic area we serve. Follow-up care following an emergency is also available. Any other services will not be eligible for Benefits unless authorized by the Plan.

  - **Inpatient Services**

    In most cases, if you contact the service center for assistance, Hospitals will not require you to pay for covered Inpatient services, except for your Deductibles, Copayments and Coinsurance, etc. In such cases, the Hospital will submit your claims to the service center to begin claims processing. However, if you paid in full at the time of service, you must submit a claim to receive reimbursement for Covered Services.

  - **Outpatient Services**

    Physicians, Urgent Care centers and other Outpatient Providers located outside the Blue Card service area will typically require you to pay in full at the time of service. You must submit a claim to obtain

reimbursement for Covered Services.

- **Submitting a Blue Cross Blue Shield Global Core Claim**

  When you pay for Covered Services outside the BlueCard service area, you must submit a claim to obtain reimbursement. For institutional and professional claims, you should complete a Blue Cross Blue Shield Global Core International claim form and send the claim form with the Provider's itemized bill(s) to the service center (the address is on the form) to initiate claims processing. Following the instructions on the claim form will help ensure timely processing of your claim. The claim form is available from the Plan, the service center or online at www.bcbsglobalcore.com. If you need assistance with your claim submission, you should call the service center at 1-800-810-BLUE (2583) or call collect at 1-804-673-1177, 24 hours a day, seven days a week.

NOTE: Blue Cross and Blue Shield of Oklahoma may postpone application of any Deductible, Copayment and/or Coinsurance amounts whenever it is necessary so that we may obtain a Provider discount for you on Covered Services you receive outside the state of Oklahoma.

MEMBER REWARDS

Member Rewards is a free**,** voluntary program in which eligible Participants can earn a percentage of the claim savings in the form of a cash reward by selecting quality, low-cost Network facilities for qualified elective, non-emergency medical services. Participants can use the Provider Finder tool on our website at https://www.bcbsok.com/find-care/providers-in-your-network/find-a-doctor-or-hospital to find a list of all eligible services and facility options. Shopping can also be conducted by calling customer service, who will shop for services and facilities on your behalf.

When you choose a rewards eligible service, you will earn a portion of the savings in the form of a check mailed to you, usually within 60 days. This reward is separate from and does not affect your claim for a qualified service. To earn a reward, you must:

- have active coverage on the date you shop for a rewards-eligible service;
- have active coverage on the date the medical service is rendered; and
- complete the rewards-eligible service within thirteen months of shopping.

Incentive amounts and eligible services are subject to change; however, the maximum reward amount you may earn on any single procedure is $500. Any reward amounts received may be taxable.

Your Provider may refer you to a facility or location to complete your medical service or procedure that is not eligible for a reward. However, you must use a facility that is eligible for the program to receive a reward. If your Provider refers you to a facility that is not eligible for a reward under the program, customer service may be able to coordinate with your Provider to find an eligible facility or location, if one is available. Remember, all decisions on where to receive care are between you and your Provider.

Member Rewards is not a discount program and will not impact Benefits or claims processing. The Plan may discontinue or change this program upon 180 days' notice to Participants. To maintain eligibility for a reward, you must complete shopping for a rewards-eligible service prior to the program termination following such notice. Rewards may be paid out up to 90 days after program termination. All rewards earned under this program will be funded by BCBSOK, and subject to the provided provisions of this program and all other applicable articles of coverage including payment of Benefits, termination of coverage, and review of claim determinations. A Referral or Prior Authorization may be required for your procedure or service.

If you have questions about this program, call customer service or visit our website at www.bcbsok.com.

DETERMINATION OF BENEFITS AND UTILIZATION REVIEW

The Plan, as claims administrator, is hereby granted discretionary authority to interpret the terms and conditions of this Certificate and to determine its Benefits.

In determining whether services or supplies are Covered Services, the Plan will determine whether a service or supply is Medically Necessary or if such service or supply is Experimental, Investigational and/or Unproven. The Plan's medical policies are used as guidelines for coverage determinations in health care Benefits unless otherwise indicated. Medical technology is constantly evolving, and these medical policies are subject to change. Copies of current medical policies may be obtained from the Plan upon request and may be found on the Plan's website at www.bcbsok.com.

The Plan's medical staff may conduct a medical review of your claims to determine that the care and services received were Medically Necessary. In the case of Inpatient claims, the Plan must also determine that the care and services were provided in the most appropriate level of care consistent with your discharge diagnosis.

The fact that a Physician or other Provider prescribes, orders, recommends or approves a service or supply does not, of itself, make it Medically Necessary or a Covered Service, even if it is not specifically listed as an *Exclusion* under this Certificate.

To assist the Plan in its review of your claims, the Plan may request that:

- you arrange for medical records to be provided to the Plan; and/or
- you submit to a professional evaluation by a Provider selected by the Plan, at the Plan's expense; and/or
- a Physician consultant or panel of Physicians or other Providers appointed by the Plan review the claim.

Failure of the Subscriber to comply with the Plan's request for medical records or medical evaluation may result in Benefits being partially or wholly denied.

RESCISSION OF COVERAGE

Rescission is the retroactive cancellation or discontinuance of coverage due to an act, practice, or omission that constitutes fraud or an intentional misrepresentation of a material fact by you or by a person seeking coverage on your behalf. A retroactive cancellation or discontinuance of coverage due to failure to timely pay required premiums or contributions toward the cost of coverage (including COBRA premiums), a cancellation or discontinuance initiated by you or your authorized representative or a prospective cancellation or discontinuance of coverage is not considered a rescission. Rescission is subject to 30 days' prior notification and is retroactive to the Effective Date. In the event of such cancellation, the Plan may deduct from the premium refund any amounts made in claim payments during this period, and you may be liable for any claims payment amount greater than the total amount of premiums paid during the period for which cancellation is affected. At any time when the Plan is entitled to rescind coverage already in force or is otherwise permitted to make retroactive changes to this Certificate, the Plan may at its option make an offer to reform the Certificate already in force and/or change the rating category/level. In the event of reformation, the Certificate will be reissued retroactive in the form it would have been issued had the misstated or omitted information been known at the time of application. Please call a Customer Service Representative at the toll-free number listed on the back of your Identification Card for additional information regarding your appeal rights concerning rescission and/or reformation. If the decision to rescind coverage is upheld at the completion of the internal appeal process, external review by an Independent Review Organization may be requested.

SUBSCRIBER/PROVIDER RELATIONSHIP

The choice of a Provider is solely yours.

Providers are not Employees, agents or other legal representatives of Blue Cross and Blue Shield of Oklahoma.

The decision regarding the course of treatment and receipt of health care services is a matter entirely between you and your Provider.

We do not furnish Covered Services but only provide Benefits for Covered Services you receive from Providers. We are not liable for any act or omission of any Provider. We have no responsibility for a Provider's failure or

refusal to give Covered Services to you.

Our reference to Providers as "Network Providers", "BlueCard" or "Out-of-Network" is not a statement or warranty about their abilities or professional competency.

GROUP RELATIONSHIPS

The Group is your agent, not our agent.

VALUE-BASED DESIGN PROGRAMS

The Plan has the right to offer health and behavior wellness, incentive, maintenance, or improvement programs that allow for a reward, a contribution, a differential in premiums or in medical, Prescription Drug or equipment Deductibles, Copayments, Coinsurance or costs, or a combination of these incentives for participation in any such program offered or administered by the Plan or an entity chosen by the Plan to administer such program. In addition, discount, or incentive programs for various health or wellness-related, insurance-related, or other items and services may be available from time to time. Such programs may be discontinued without notice.

Individuals unable to participate in these incentives or disincentives due to an adverse health factor shall not be penalized based upon an adverse health status and, unless otherwise permitted by law, the Plan will allow a reasonable alternative to any individual for whom it is unreasonably difficult, due to a medical condition, to satisfy otherwise applicable wellness program standards.

Contact the Plan for additional information regarding any Value-Based Programs available to you.

IDENTITY THEFT PROTECTION SERVICES

As a Subscriber, the Plan makes available at no additional cost to you, identity theft protection services, including credit monitoring, fraud detection, credit/identity repair to help protect your information. These identity theft protection services are currently provided by the Plan's designated outside vendor and acceptance or declination of these services is optional to you. Subscribers who wish to accept such identity theft protection services will need to individually enroll in the program online at www.bcbsok.com or by telephone at the number shown on your Identification Card. Services may automatically end when the person is no longer an eligible Subscriber. Services may change or be discontinued at any time with or without notice and the Plan does not guarantee that a particular vendor or service will be available at any given time.

ACTUARIAL VALUE

The use of a metallic name in your ***Schedule of Benefits***, such as Platinum, Gold, Silver or Bronze, or other statements with respect to a health Benefit Plan's actuarial value, is not an indicator of the actual amount of expenses that a particular person will be responsible to pay out of his/her own pocket. A person's out of pocket expenses will vary depending on many factors, such as the particular health care services, health care Providers and particular Benefit Plan chosen. Please note that metallic names reflect only an approximation of the actuarial value of a particular Benefit Plan.

COORDINATION OF BENEFITS

All Benefits provided under this Certificate are subject to this provision.

- **Definitions**

  In addition to the ***Definitions*** of this Certificate, the following definitions apply to this provision.

  "Other Contract" means any arrangement, providing health care Benefits or services through:

  - Group, group-type, non-group, individual, blanket or franchise insurance coverage;
  - Blue Cross Plan, Blue Shield Plan, health maintenance organization and other prepayment coverage;
  - Coverage under labor-management trusteed plans, union welfare plans, employer organization plans or Employee Benefit organization plans;
  - Coverage toward the cost of which any employer has contributed, or with respect to which any employer has made payroll deduction;

- Group or individual automobile insurance coverage; and
- Coverage under any tax supported or government program, including Medicare, to the extent permitted by law.

Coverage under specific benefit arrangements, such as dental care or vision care Benefit Plans that are not part of a comprehensive health care Benefit Plan, shall be excluded from the definition of "Other Contract" herein.

"*Covered Service*" additionally means a service or supply furnished by a Hospital, Physician or other Provider for which Benefits are provided under at least one Contract covering the person for whom claim is made or service provided.

"Dependent" additionally means a person who qualifies as a Dependent under an Other Contract.

- **Effect On Benefits**

  If the total Benefits for Covered Services to which you would be entitled under this Certificate and all Other Contracts exceed the Covered Services you receive in any Benefit Period, then the Benefits we provide for that Benefit Period will be determined according to this provision.

  When we are primary, we will provide Benefits for Covered Services without regard to your coverage under any Other Contract.

  When we are secondary, the Benefits we provide for Covered Services may be reduced because of Benefits received from the other Contracts.

- **Order of Benefit Determination**
  - When a person who received care is covered as an Employee under one Group Contract, and as a Dependent under another, then the Employee coverage pays first.
  - When a Dependent child is covered under two Group Contracts, the Contract covering the child as a Dependent of the parent whose birthday falls earliest in the Calendar Year pays first. (If one Contract does not follow the "birthday rule" provision, then the rule followed by that Contract is used to determine the order of Benefits.)

    However, when the Dependent child's parents are separated or divorced, the following rules apply:
    - If the parent with custody of the child has not remarried, the coverage of the parent with custody pays first.
    - When a divorced parent with custody has remarried, the coverage of the parent with custody pays first and the stepparent's coverage pays second before the coverage of the parent who does not have custody.
    - Regardless of which parent has custody, whenever a court decree specifies the parent who is financially responsible for the child's health care expenses, the coverage of that parent pays first.
  - When none of the above circumstances applies, the coverage you have had for the longest time pays first, except that a Contract which covers you as a laid-off or retired Employee or as a Dependent of such person pays after a Contract which covers you as other than a laid-off or retired Employee or Dependent of such person.
  - When the Plan requests information from another carrier to determine the extent or order of your Benefits under an Other Contract, and such information is not furnished after a reasonable time, then the Plan shall:
    - assume the Other Contract is required to determine its Benefits first;
    - assume the Benefits of the Other Contract are identical to the Benefits of this coverage and pay its Benefits accordingly.

    Once the Plan receives the necessary information to determine your Benefits under the Other Contract and to establish the order of benefit determination under the rules listed above, prior payments under this coverage will be adjusted accordingly (if the above rules require it).
  - If the other carrier reduces your Benefits because of payment you received under this coverage and the

above rules do not allow such reduction, then the Plan will advance the remainder of its full Benefits under this coverage as if your Benefits had been determined in absence of an Other Contract. **However, the Plan shall be subrogated to all of your rights under the Other Contract.** You must furnish all information reasonably required by the Plan in such event, and you must cooperate and assist the Plan in recovery of such sums from the other carrier.

- If the other carrier later provides Benefits to you for which the Plan has made payments or advances under this Coordination of Benefits provision, you must hold all such payments in trust for the Plan and must pay such amount to the Plan upon receipt.

- **Facility of Payment**

  If payment is made under any Other Contract which we should have made under this provision, then we have the right to pay whoever paid under the Other Contract the amount we determine is necessary under this provision. Amounts so paid are Benefits under the Contract and we are discharged from liability to the extent of such amounts paid for Covered Services.

- **Right of Recovery**

  If we pay more for Covered Services than this provision requires, we have the right to recover the excess from anyone to or for whom the payment was made. You agree to do whatever is necessary to secure our right to recover the excess payment.

PLAN'S RIGHT OF RECOUPMENT

You agree to reimburse us for Benefits we have paid and for which you were not eligible under the terms of the Contract. This payment is due and payable immediately when you are notified by the Plan. Also, we have the sole right to determine that any overpayments, wrong payments or any excess payments made for you under this Certificate are an indebtedness which we may recover. Our acceptance of your premiums or payment of Benefits under this Certificate does not waive our rights to enforce these provisions in the future.

- **Plan's Right of Recoupment for Overpayments**

  If the Plan pays Benefits for eligible expenses incurred by you or your Dependents and it is found that the payment was more than it should have been, or was made in error ("Overpayment"), the Plan has the right to obtain a refund of the Overpayment from: (i) the person to, or for whom, such Benefits were paid, or (ii) any insurance company or Plan, or (iii) any other persons, entities or organizations, including, but not limited to, Participating Providers or Out-of-Network Providers.

  If no refund is received, the Plan (in its capacity as insurer or administrator) has the right to deduct any refund for any Overpayment due, up to an amount equal to the Overpayment, from:

  - any future Benefit payment made to any person or entity under this Certificate, whether for the same or a different Subscriber; or
  - any future Benefit payment made to any person or entity under a self-funded Benefit program administered by the Plan; or
  - any future Benefit payment made to any person or entity under another Group Benefit Plan or individual policy insured by the Plan; or
  - any future Benefit payment, or other payment, made to any person or entity; or
  - any future payment owed to one or more Participating Providers or Out-of-Network Providers.

  Further, Blue Cross Blue Shield of Oklahoma has the right to reduce your Benefit Plan's or policy's payment to a Provider by the amount necessary to recover another Blue Cross Blue Shield Plan's or policy's overpayment to the same Provider and to remit the recovered amount to the other Blue Cross Blue Shield Plan or policy.

- **Plan's Right of Recoupment for Third Party Proceeds**

  To the extent the Plan provides or pays Benefits for Covered Services for any injury, illness or condition which occurs through the omission or commission of any act by another person, each Subscriber agrees that the Plan

shall have a first lien on any settlement proceeds, and the Subscriber shall reimburse and pay the Plan, on a first-priority basis, from any money recovered by suit, settlement, judgment or otherwise from another party or his/her insurer or from any carrier providing uninsured/underinsured motorist coverage. Each Subscriber shall reimburse the Plan on a first-priority basis regardless of whether a lawsuit is actually filed or not and, if settled, regardless of how the settlement is structured or which items of damages are included in the settlement, and regardless of whether or not he or she is made whole or is fully compensated for any injuries. The Plan expressly disclaims all make whole and common fund rules and doctrines and any other rule or doctrine that would impair or interfere with the Plan's rights herein.

You must hold in trust for us any money (up to the amount of Benefits we have paid) you recover, as described above. You must give us information and assistance and sign necessary documents to help us enforce our rights.

Limitations on Plan's Right of Recoupment/Recovery

The Plan will not seek recovery of all or a portion of a payment of a claim made to a Subscriber more than twelve (12) months or a Provider more than eighteen (18) months after the payment is made. This paragraph shall not apply:

- if the payment was made because of fraud committed by the Subscriber or the Provider; or
- if the Subscriber or Provider has otherwise agreed to make a refund to the Plan for overpayment of a claim.

Plan/Association Relationship

Each Subscriber hereby expressly acknowledges his/her understanding that the Group Contract constitutes a Contract solely between the Group and Blue Cross and Blue Shield of Oklahoma. Blue Cross and Blue Shield of Oklahoma is a division of Health Care Service Corporation, a Mutual Legal Reserve Company, an independent licensee of the Blue Cross and Blue Shield Association, an association of independent Blue Cross and Blue Shield Plans (the "Association"). The license from the Association permits Blue Cross and Blue Shield of Oklahoma to use the Blue Cross and Blue Shield Service Marks in the State of Oklahoma. Blue Cross and Blue Shield of Oklahoma is not contracting as the agent of the Association. It is further understood that the Group has not entered into the Group Contract based upon representations by any person other than Blue Cross and Blue Shield of Oklahoma. No person, entity, or organization other than Blue Cross and Blue Shield of Oklahoma shall be held accountable or liable to the Group or its Subscribers for any of Blue Cross and Blue Shield of Oklahoma's obligations to the Group or Subscribers created under the Group Contract. This paragraph shall not create any additional obligations whatsoever on the part of Blue Cross and Blue Shield of Oklahoma other than those obligations created under other provisions of the Group Contract.

The Plan's Separate Financial Arrangements with Prescription Drug Providers

The Plan hereby informs you that it has Contracts, either directly or indirectly, with Participating Prescription Drug Providers for the provision of, and payment for, Prescription Drug services to all persons entitled to Prescription Drug Benefits under individual certificates, Group Health insurance policies and Contracts to which the Plan is a party, including this Certificate, and that pursuant to the Plan's Contracts with Participating Prescription Drug Providers, under certain circumstances described therein, the Plan may receive discounts for Prescription Drugs dispensed to you. Actual discounts used to calculate your share of the cost of Prescription Drugs will vary. Some discounts are currently based on industry-wide benchmark calculations which are determined by a third party and are subject to change.

You understand that Blue Cross and Blue Shield may receive such discounts. You are not entitled to receive any portion of any such discounts. The drug fees/discounts that the Plan has negotiated with Prime Therapeutics LLC ("Prime") through the Pharmacy Benefit Management ("PBM") Agreement, will be used to calculate your share of the cost of Prescription Drugs for both retail and mail/Specialty Drugs. Except for mail/Specialty Drugs, the PBM Agreement requires that the fees/discounts that Prime has negotiated with Pharmacies (or other suppliers) are passed through to the Plan (and ultimately to you as described above).

For the mail Pharmacy and Specialty Pharmacy program owned by Prime, Prime retains the difference between its acquisition cost and the negotiated prices as its fee for the various administrative services provided as part of the mail Pharmacy and/or Specialty Pharmacy program. The Plan pays a fee to Prime for Pharmacy Benefit services.

A portion of Prime's PBM fees are tied to certain performance standards, including, but not limited to, claims processing, customer service response and mail-order processing.

The amounts received by Prime from the Plan, Pharmacies, manufacturers or other third parties may be revised from time to time. Some of the amounts received by Prime may be charged each time a claim is processed (or, in some instances, requested to be processed) through Prime and/or each time a prescription is filled, and include, but are not limited to, administrative fees charged by Prime to the Plan (as described above), administrative fees charged by Prime to Pharmacies, and administrative fees charged by Prime to pharmaceutical manufacturers. Currently, none of these fees will be passed on to you as expenses, or accrue to the Benefit of you, unless otherwise specifically set forth in this Certificate. Additional information about these types of fees or the amount of these fees is available upon request. The maximum that Prime will receive from any pharmaceutical manufacturer for certain administrative fees will be 3% of the total sales for all rebateable products of such manufacturer dispensed during any given Calendar Year to Members of the Plan and other Blue Plan operating divisions.

THE PLAN'S SEPARATE FINANCIAL ARRANGEMENTS WITH PHARMACY BENEFIT MANAGER

The Plan hereby informs you that it owns a significant portion of the equity of Prime and that the Plan has entered into one or more agreements with Prime or other entities (collectively referred to as "Pharmacy Benefit Managers"), for the provision of, and payment for, Prescription Drug Benefits to all persons entitled to Prescription Drug Benefits under individual certificates, Group Health insurance policies and Contracts to which the Plan is a party, including this Certificate. Pharmacy Benefit Managers have agreements with pharmaceutical manufacturers to receive rebates for using their products. In addition, Prime's mail order Pharmacy and other PBM services operate through the same entity, Prime Therapeutics LLC.

Prime negotiates rebate Contracts with pharmaceutical manufacturers on behalf of the Plan but does not retain any rebates (although Prime may retain any interest or late fees earned on rebates received from manufacturers to cover the administrative costs of processing late payments). The Plan may receive such rebates from Prime. You are not entitled to receive any portion of any such rebates as they are calculated into the pricing of the product.

2. A right to be treated with respect and recognition of their dignity and their right to privacy.

6. A right to make recommendations regarding the organization's Member rights and responsibilities policy.
7. A responsibility to supply information (to the extent possible) that the organization and its practitioners and Providers need in order to provide care.
8. A responsibility to follow plans and instructions for care that they have agreed to with their practitioners.
9. A responsibility to understand their health problems and participate in developing mutually agreed-upon treatment goals, to the degree possible.

Claims Filing Procedures

This coverage begins to pay only after any applicable Deductible and/or Copayment you incur toward eligible expenses shows on our records. When your Physician, Hospital or other Provider of health care services submits bills for you, your Deductible and/or Copayment will be recorded automatically and then your coverage will begin its share of the payment. If you file your own claims, you must submit copies of all your bills, even those you must pay to meet your Deductible and/or Copayment. Then our records will show that you have incurred the Deductible and/or Copayment amount, and your health care coverage will begin to help pay the balance of your eligible expenses.

PARTICIPATING PROVIDERS

Participating Providers, even those outside your network, have agreed to submit claims directly to the Plan for you. When you receive Covered Services from a Network Provider, simply show your Identification Card, and claims submission will be handled for you. If you use an Out-of-Network Provider who does not file for you, you should follow the guidelines below in submitting your claims.

REMEMBER...

To receive the maximum Benefits under this Certificate for your Covered Services, you must receive treatment from Network Providers.

PRESCRIPTION DRUG CLAIMS

To be eligible for maximum Benefits and automatic claims filing, always use Preferred Participating Pharmacies and Participating Pharmacies.

If you find it necessary to purchase your prescriptions from an Out-of-Network Pharmacy, or if you do not have your Identification Card with you when you purchase your prescriptions, it will be your responsibility to pay the full cost of the Prescription Drugs and to submit a claim form (with your itemized receipt) to receive the Benefits available under your Prescription Drug program. Be sure to include the diagnosis and the payment receipt with your completed claim form. If the Prescription Drug is covered under this program, any amount due will be sent directly to you, after we subtract any Deductible, Copayment and/or Coinsurance amounts which apply to your coverage.

HOSPITAL CLAIMS

In rare cases when you are admitted as an Inpatient or receive treatment as an Outpatient in a Hospital which does not have an agreement with us (whether in-state or out-of-state), you should pay the Hospital yourself and then file a claim for Covered Hospital Services.

AMBULATORY SURGICAL FACILITY AND OTHER FACILITY CLAIMS

If you are treated at a facility which does not have an agreement with us, you should pay the facility and then submit a claim to us for Covered Services.

PHYSICIAN AND OTHER PROVIDER CLAIMS

If you are treated by a Physician or other Provider who does not have an agreement with us, you ordinarily have to pay the bill and then file the claim yourself, along with an itemized statement from your Physician or other Provider. You will then be paid directly for Covered Services after we subtract any Deductible, Copayment and/or Coinsurance amounts which apply to your coverage.

MEMBER-FILED CLAIMS

When you must file a claim yourself, you may obtain claim forms by contacting the nearest Plan office.

Be sure to fill out the claim form completely, sign it, and attach the Provider's or Pharmacy's itemized statement. For health claims, you may send the completed claim form to:

Blue Cross and Blue Shield of Oklahoma
P.O. Box 3283
Tulsa, OK 74102 – 3283

For Prescription Drug claims, you may send the completed claim form to:

Prime Therapeutics
P.O. Box 25136
Lehigh Valley, PA 18002-5136

It is important that all information requested on the claim form be given; otherwise, the claim form may be returned to you for additional information before we can process your claim for Benefits.

A separate claim form must be filled out for each Subscriber, along with that person's expenses. A separate claim form must accompany each group of statements (if filed at different times).

IMPORTANT: Remember to send the itemized statement with all your claims. It gives the following necessary information:

- Full name of patient;
- Medical service(s) performed;
- Date of service(s);
- Who rendered service(s);
- Charge for service(s); and
- Diagnosis.

Cancelled checks, cash register receipts, personal itemizations and statements that show only the balance due are not acceptable.

When you file claims, be sure to keep copies of all bills and receipts for your own personal records.

Remember, we must receive your claims for Covered Services within 180 days after the end of the Benefit Period for which the claim is made.

BENEFIT DETERMINATIONS FOR PROPERLY FILED CLAIMS

Once the Plan receives a Properly Filed Claim from you or your Provider, a Benefit determination will be made in accordance with applicable state and federal law.

Upon receipt of your claim, if the Plan determines that additional information is necessary in order for your claim to be a Properly Filed Claim, we will provide written notice to you and/or your Provider, in accordance with state and federal law, requesting the specific information needed.

The procedure for appealing an adverse Benefit determination is set forth in the section entitled, ***Complaint/Appeal Procedure.***

DIRECT CLAIMS LINE

We have a direct line for claims and membership inquiries. You may call the number shown on your Identification Card between 8:00 a.m. and 6:00 p.m., Monday through Friday, whenever you have a question concerning a claim or your membership.

Complaint/Appeal Procedure

Blue Cross and Blue Shield of Oklahoma has established the following process to review your dissatisfactions, complaints and/or appeals. If you have designated an authorized representative, that person may act on your behalf in the appeal process.

If you have a question or complaint, an initial attempt should be made to resolve the problem by directly communicating with a Blue Cross and Blue Shield of Oklahoma Customer Service Representative at the number on your Identification Card. In most cases, a Customer Service Representative will be able to provide you with a satisfactory solution to your problem. However, if a resolution cannot be reached in an informal exchange, you may request an administrative review of the problem through our appeal process described below.

You may request to review information used to make any adverse determination. Copies will be provided free of charge.

CLAIM DETERMINATIONS

When the Plan receives a Properly Filed Claim, it has authority and discretion under this Certificate to interpret and determine Benefits in accordance with the Certificate provisions. We will receive and review claims for Benefits and will accurately process claims consistent with administrative practices and procedures established in writing.

You have the right to seek and obtain a full and fair review by the Plan of any determination of a claim, any determination of a request for Prior Authorization or any other determination of your Benefits made by the Plan under this Certificate.

IF A CLAIM IS DENIED OR NOT PAID IN FULL

On occasion, we may deny all or part of your claim. There are a number of reasons why this may happen. We suggest that you first read the Explanation of Benefits summary prepared by us; then review this Certificate to see whether you understand the reason for the determination. If you have additional information that you believe could change the decision, send it to us and request a review of the decision as described in *"Claim Appeal Procedures"* below.

If the claim is denied in whole or in part, you will receive a written notice from the Plan with the following information, if applicable:

- The reasons for the determination;
- A reference to the Benefit provisions on which the determination is based, or the Contractual or administrative basis or protocol for the determination;
- A description of additional information which may be necessary to perfect the claim and an explanation of why such material is necessary;
- Subject to privacy laws and other restrictions, if any, the identification of the claim, date of service, health care Provider, claim amount (if applicable), and a statement describing denial codes with their meanings and the standards used. Upon request, diagnosis/treatment codes with their meanings and the standards used are also available;
- An explanation of our internal review/appeals and external review processes (and how to initiate a review/appeal or external review);
- In certain situations, a statement in non-English language(s) that the written notice of the claim denial and certain other Benefit information may be available (upon request) in such non-English language(s);

- In the case of a denial of an Urgent Care Claim, a description of the expedited review procedure applicable to such claims. An Urgent Care Claim decision may be provided orally, so long as a written notice is furnished to the claimant within three days of oral notification; and

TIMING OF REQUIRED NOTICES AND EXTENSIONS

Separate schedules apply to the timing of required notices and extensions, depending on the type of claim. Claim refers to a request for Benefits. There are three types of claims, as defined below.

- **"Urgent Care Claim"** is any pre-service request for Benefits that requires *"Prior Authorization"*, as described in this Certificate, for Benefits for Medical Care or treatment with respect to which the application of regular time periods for making health claim decisions could seriously jeopardize the life or health of the claimant or the ability of the claimant to regain maximum function or, in the opinion of a Physician with knowledge of the claimant's medical condition, would subject the claimant to severe pain that cannot be adequately managed without the care or treatment.
- **"Pre-Service Claim"** is any non-urgent request for Benefits or a determination with respect to which the terms of the Benefit Plan condition receipt of the Benefit on approval of the Benefit in advance of obtaining Medical Care.
- **"Post-Service Claim" (also known as "claim")** is any request for a Benefit that is not a "pre-service" claim, and whereby notification that a service has been rendered or furnished to you is submitted to the Plan in an acceptable form. This notification must include full details of the service received, including your name, age, sex, identification number, the name and address of the Provider, an itemized statement of the service rendered or furnished, the date of service, the diagnosis, the claim charge, and any other information which we may request in connection with services rendered to you.

CLAIM APPEAL PROCEDURES

- ***Claim Appeal Procedures – Definitions***

  An **"Adverse Benefit Determination"** means a denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a Benefit, including any such denial, reduction, termination, or failure to provide or make payment for, a Benefit resulting from the application of any utilization review, as well as a failure to cover an item or service for which Benefits are otherwise provided because it is determined to be Experimental, Investigational and/or Unproven or not Medically Necessary or appropriate. If an ongoing course of treatment had been approved by the Plan and the Plan reduces or terminates such treatment (other than by amendment or termination of this Certificate) before the end of the approved treatment period, that is also an Adverse Benefit Determination.

  A **"Final Internal Adverse Benefit Determination"** means an Adverse Benefit Determination that has been upheld by the Plan at the completion of the internal review/appeal process.

- ***Urgent Care/Expedited Clinical Appeals***

  If your situation meets the definition of an Expedited Clinical Appeal, you may be entitled to an appeal on an expedited basis. An **Expedited Clinical Appeal** is an appeal of a clinically urgent nature related to health care services, including but not limited to, procedures or treatments ordered by a health care Provider, as well as continued hospitalization. Before authorization of Benefits for an ongoing course of treatment/continued hospitalization is terminated or reduced, we will provide you with notice at least 24 hours before the previous Benefits authorization ends and an opportunity to appeal. For the ongoing course of treatment, coverage will continue during the appeal process.

  Upon receipt of an expedited pre-service or concurrent clinical appeal, we will notify the party filing the appeal, as soon as possible, but no more than 24 hours after submission of the appeal, of all the information needed to review the appeal. Additional information must be submitted within 24 hours of request. The Plan shall render a determination on the appeal as soon as possible (taking into account medical exigencies) but no later than 72 hours after it receives the initial request, or within 48 hours after it receives the missing information (if the initial request is incomplete).

- ***How to Appeal an Adverse Benefit Determination***

  You have the right to seek and obtain a full and fair review of any determination of a claim, any determination of a request for Prior Authorization, or any other determination made by us in accordance with the Benefits and procedures detailed in your Certificate.

  An appeal of an Adverse Benefit Determination may be filed by you, or a person authorized to act on your behalf. In some circumstances, a health care Provider may appeal on his/her own behalf. Your designation of a representative must be in writing, as it is necessary to protect against disclosure of information about you except to your authorized representative. To obtain an Authorized Representative Form, you or your representative may call us at the number on the back of your Identification Card.

  If you believe we incorrectly denied all or part of your Benefits, you may have your claim reviewed. We will review our decision in accordance with the following procedure:

  – Within 180 days after you receive notice of an Adverse Benefit Determination, you may write to our Administrative Office. We will need to know the reasons why you do not agree with the Adverse Benefit Determination. Send your request to:

    Appeal Coordinator – Customer Service Department
    Blue Cross and Blue Shield of Oklahoma
    P.O. Box 3283
    Tulsa, OK 74102-3283

  – We will honor telephone requests for information. However, such inquiries will not constitute a request for review.

  – In support of your claim review, you have the option of presenting evidence and testimony to us. You and your authorized representative may ask to review your file and any relevant documents and may submit written issues, comments, and additional medical information within 180 days after you receive notice of an Adverse Benefit Determination or at any time during the claim review process.

    We will provide you or your authorized representative with any new or additional evidence or rationale and any other information and documents used in the review of your claim without regard to whether such information was considered in the initial determination. No deference will be given to the initial Adverse Benefit Determination. Such new or additional evidence or rationale will be provided to you or your authorized representative sufficiently in advance of the date a final decision on appeal is made in order to give you a chance to respond. Clinical appeal determinations may be made by a Physician associated or Contracted with us and/or by external advisors, but who were not involved in making the initial denial of your claim. Before you or your authorized representative may bring any action to recover Benefits, the claimant must exhaust the appeal process and must raise all issues with respect to a claim and must file an appeal or appeals and the appeals must be finally decided by us.

- If you have any questions about the claims procedures or the review procedure, call our Administrative Office Customer Service Representative at the number shown on your Identification Card.

- ***Timing of Appeal Determinations***

  Upon receipt of a non–urgent pre–service appeal, we shall render a determination of the appeal as soon as practical, but in no event more than 30 days after the appeal has been received us.

  Upon receipt of a non-urgent post-service appeal, we shall render a determination of the appeal as soon as practical, but in no event more than 60 days (or 30 days if the determination involves a Medical Necessity/ appropriateness or Experimental, Investigational and/or Unproven decision) after the appeal has been received by us.

- ***Notice of Appeal Determination***

  We will notify the party filing the appeal, you, and, if a clinical appeal, any health care Provider who recommended the services involved in the appeal, by a written notice of the determination.

  The written notice to you or your authorized representative will include:

  - A reason for the determination;
  - A reference to the Benefit provisions on which the determination is based, or the Contractual or administrative basis or protocol for the determination;
  - Subject to privacy laws and other restrictions, if any, the identification of the claim, date of service, health care Provider, claim amount (if applicable), and a statement describing denial codes with their meanings and the standards used. Upon request, diagnosis/treatment codes with their meanings and the standards used are also available;
  - An explanation of our external review processes (and how to initiate an external review);
  - In certain situations, a statement in non-English language(s) that the written notice of the claim denial and certain other Benefit information may be available (upon request) in such non-English language(s);
  - In certain situations, a statement in non-English language(s) that indicates how to access the language services provided by us;
  - The right to request, free of charge, reasonable access to and copies of all documents, records, and other information relevant to the claim for Benefits;
  - Any internal rule, guideline, protocol, or other similar criterion relied on in the determination, or a statement that a copy of such rule, guideline, protocol, or other similar criterion will be provided free of charge on request;
  - An explanation of the scientific or clinical judgment relied on in the determination, or a statement that such explanation will be provided free of charge upon request;
  - A description of the standard that was used in denying the claim and a discussion of the decision; and
  - Contact information for applicable office of health insurance consumer assistance or ombudsman.

External Review Rights

If you receive an Adverse Benefit Determination, you may have a right to have our decision reviewed by independent health care professionals who have no association with us ***if our decision involved making a judgment as to the Medical Necessity, appropriateness, health care setting, level of care or effectiveness of the health care service or treatment.*** The request for a standard external review by an Independent Review Organization (IRO) must be submitted within four months after you receive notice of the internal appeal determination. For a standard external review, a decision will be made within **45 days** of receiving your request. If you have a medical condition that would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function if treatment is delayed, you may request an **expedited external review** of our denial before your internal review rights have been exhausted. If our denial to provide or pay for a health care service or course of treatment is based on a determination that the service or treatment is Experimental, Investigational or Unproven, you also may be entitled to file a request for external review of our denial.

You or your authorized representative may file a request for a standard or expedited external review by completing the required forms and submitting them directly to the address noted below. We will also provide the forms to you upon request.

Your ERISA Rights

As a participant in this Group Health Plan, you may be entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). Check with your Group Administrator to see if your Group Health Plan is governed by ERISA.

ERISA RIGHTS

If your claim for Benefits is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules. Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of Plan documents or the latest annual report from the Plan and do not receive them within 30 days, you may file suit in a Federal court. In such a case, the court may require the Plan administrator (your Employer) to provide the materials and pay you up to $110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for Benefits which is denied or ignored, in whole or in part, you may file suit in a state or Federal court. In addition, if you disagree with the Plan's decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in Federal court. If it should happen that Plan fiduciaries misuse the Plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

ASSISTANCE WITH YOUR QUESTIONS

If you have any questions about your Plan, you should contact the Plan administrator. If you have any questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the Plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue NW, Washington, D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

  - **Out-of-Network (Non-Contracting) Providers –** the lesser of: (a) the Provider's billed charge; or (b) the Plan's Non-Contracting Allowable Charge as set forth in the ***Important Information*** section.

PEDIATRIC DENTAL SERVICES ADDENDUM

For Subscribers Under Age 19

The Certificate of Benefits (Certificate) to which this Addendum is attached and becomes a part is hereby amended as stated below.

This *Pediatric Dental Services Addendum* provides information about coverage for the pediatric dental services outlined below, which are specifically excluded under your ***Comprehensive Health Care Services*** Benefits. Services that are covered under your ***Comprehensive Health Care Services*** Benefits are not covered under this *Pediatric Dental Services Addendum*. All provisions in your Certificate for ***Comprehensive Health Care Services*** Benefits apply to this *Pediatric Dental Services Addendum* unless specifically indicated otherwise below.

This dental care coverage allows Subscribers to select the Provider of their choice, in or out of the Dental Care Provider Network. The Plan has designed these Benefits to deliver quality care, matched with your ***Comprehensive Health Care Services*** Benefits, at the most affordable cost, through network services. You also have the flexibility to visit an Out-of-Network Provider, with a reduction in Benefits.

For a list of Dental Care Network Providers, please contact a Customer Service Representative at the number shown on the back of your Identification Card or visit the Plan's website at www.bcbsok.com.

DEFINITIONS

The following definitions are added to the ***Definitions*** section of your Certificate:

- **Allowable Charge –** The charge that the Plan will use as the basis for Benefit determination for Covered Services you receive under the Certificate and this Addendum. The Plan will use the following criteria to establish the Allowable Charge for Covered Dental Services:
  - **Participating Dentist** – the amount the Dentist has agreed to accept as full payment for Covered Services.
  - **Out-of-Network Dentists** – the Dentist's usual charge for Covered Services, not to exceed the amount that the Plan would reimburse a Participating Dentist for the same services. The Subscriber may be responsible for the full amount by which the actual charges of an Out-of-Network Dentist exceed the Allowable Charge.
- **Course of Treatment –** Any number of dental procedures or treatments performed by a Dentist or Physician in a planned series. In cases where there is more than one professionally acceptable Course of Treatment or service to treat the dental condition, Benefits will be covered for the least costly Course of Treatment or service.
- **Dentist –** A professional practitioner who holds a lawful license issued by any state of the United States, or its territories, authorizing the person to practice dentistry and dental surgery in such state or territory, including, but not limited to, a Doctor of Dental Surgery (DDS) or a Doctor of Medical Dentistry (DMD).

- **Medically Necessary (or Medical Necessity) –** A specific procedure or supply provided to you is reasonably required in the judgment of the Plan, for the treatment or management of your specific dental symptom, injury, or condition and that the procedure performed is the most efficient and economical procedure that can safely be provided to you. The fact that a Dentist or Physician may prescribe, order, recommend or approve a procedure does not make such a procedure Medically Necessary. To be Medically Necessary, the procedure or supply must also conform to approved and generally accepted standards of accepted dental practice prevailing in the state when and where the procedure or supply is ordered. Such procedures or supplies are also subject to review and analysis by dental consultants, retained by the Plan. These consultants review the claim and diagnostic materials submitted in support of the claim, and based upon their professional opinions, determine the necessity and propriety of treatment.
- **Pretreatment Estimate -** A Pretreatment Estimate identifies the Plan's estimated financial liability before treatment is started. This estimate may include some or all of the following information: patient's eligibility, Covered Services, Benefit amounts payable, Deductible amounts, Coinsurance and/or maximum Benefit limitations. Such estimates are subject to change, according to the terms of the Subscriber's coverage, as set forth in "*Benefit Determination for Properly Filed Claims*" and may include an allowance for alternate Benefits. Final determination of Benefits is made upon submission of a claim to the Plan for actual payment determination, if any.

Exclusions and Limitations

These general “*Exclusions and Limitations”* apply to all services described in this ***Pediatric Dental Services*** section. Dental coverage is limited to services provided by a Dentist, a dental auxiliary, or other Provider (as defined in the ***Definitions*** section) licensed to perform services covered under this dental Addendum.

Important Information About Your Dental Benefits

- **Dental Procedures Which Are Not Medically Necessary**

  Please note that in order to provide you with dental care Benefits at a reasonable cost, this Addendum provides Benefits only for those Covered Services for eligible dental treatment that are determined by the Plan to be Medically Necessary.

  No Benefits will be provided for procedures which are not Medically Necessary. Medically Necessary generally means that a specific procedure provided to you is required for the treatment or management of a dental symptom or condition and that the procedure performed is the most efficient and economical procedure which can safely be provided to you, as determined by the Plan.

  The fact that a Physician or Dentist may prescribe, order, recommend or approve a procedure does not of itself make such a procedure or supply Medically Necessary.

- **Care By More Than One Dentist**

  If you change Dentists in the middle of a particular Course of Treatment, Benefits will be provided as if you had stayed with the same Dentist until your treatment was completed. There will be no duplication of Benefits.

- **Alternate Benefits**

  If more than one Covered Service will treat a dental condition, payment is limited to the least costly service provided it is a professionally accepted, necessary and appropriate treatment, as determined by the Plan. If you or your Dentist requests or you accept a more costly Covered Service, you are responsible for expenses that exceed the amount covered for the least costly service.

  When two or more services are submitted and the services are considered part of the same service, the Plan will pay the most comprehensive service as determined by the Plan.

  When two or more services are submitted on the same day and the services are considered mutually exclusive (one service contradicts the need for the other service), the Plan will pay for the service that represents the final treatment as determined by the Plan.

- **Non-Compliance with Prescribed Care**

  Any additional treatment and resulting liability which is caused by the lack of a Subscriber's cooperation with the Dentist or from non-compliance with prescribed dental care will be the responsibility of the Subscriber.

- **Limitation on Plan's Right to Recoupment/Recovery**

  The Plan will not seek recovery of a claim solely due to a loss of coverage of a patient or ineligibility if, at the time of treatment, the Plan erroneously confirms coverage and eligibility, but had sufficient information available indicating that the patient was no longer covered or was ineligible for coverage.

Exclusions — What Is Not Covered

EXTENSION OF YOUR DENTAL BENEFITS IN CASE OF TERMINATION

If coverage under your Certificate or under this ***Pediatric Dental Services Addendum*** should terminate, Benefits will continue for any dental Covered Services described in this ***Pediatric Dental Services Addendum,*** as long as the Covered Service began prior to the date your coverage terminated and is completed within 30 days of your termination date. No Benefits will be provided for periodontal treatment after the termination of your Certificate or this Addendum.

PRETREATMENT ESTIMATE OF BENEFITS AND TREATMENT PLAN

If your Dentist recommends a Course of Treatment, your Dentist should prepare a claim form describing the planned treatment (called a "treatment plan"), copies of necessary x-rays, photographs and models and an estimate of the charges prior to your beginning the Course of Treatment. The Plan will review the report and materials, taking into consideration any alternative adequate Course of Treatment, and will notify you and your Dentist of the estimated Benefits which will be provided under this Certificate within 30 days of the date a request is submitted by a Dentist. This is an estimate of the Benefits available for the proposed services to be rendered. The Plan's Pretreatment Estimates of Benefits are valid for 180 days, provided all eligibility and Certificate requirements are met. If the approved procedure is not done within that time period, or if the patient's condition changes, you are responsible for asking the Dentist to submit another request and treatment plan, along with the required current documentation. A new Pretreatment Estimate of Benefits must then be issued by the Plan.

HOW TO FILE A CLAIM

The following provisions are added to the ***Claims Filing Procedures*** section of your Certificate.

- **Filing Dental Claims**

In order to obtain your dental Benefits under this Addendum, it is necessary for a claim to be filed with the Plan. Usually all you have to do is show your Blue Cross and Blue Shield of Oklahoma Identification Card to your Dentist. They will file your claim for you. Remember, however, it is your responsibility to ensure that the necessary claim information has been provided to the Plan.

Benefits for a Properly Filed Claim will not be denied for procedures specifically included in the Pretreatment Estimate unless at least one of the following circumstances applies for each procedure denied:

- Benefit limitations such as annual maximums, Benefit period maximums or lifetime maximums, not applicable at the time of the Pretreatment Estimate, are reached due to utilization after the Pretreatment Estimate was issued;
- the claim clearly fails to support the Pretreatment Estimate as originally authorized; if after the Pretreatment Estimate was issued, new procedures are provided to the patient or a change in the condition of the patient occurs such that the Pretreatment Estimate procedure would no longer be considered Medically Necessary, based on the prevailing standard of care;
- if after the Pretreatment Estimate was issued, new procedures or a change in the condition of the patient occurred, such that the procedure for which the Pretreatment Estimate was submitted would, at the time that it was submitted, have required disapproval based on the terms and conditions for coverage under the Plan which was in effect at the time the Pretreatment Estimate was used; or
- the denial of the dental service contractor was due to one of the following:
  - another payor is responsible for payment,
  - the Dentist has already been paid for the procedures identified on the claim,
  - the claim was submitted fraudulently, or the Pretreatment Estimate was based in whole or material part on erroneous information provided to the Plan by the Dentist, patient, or other person not related to the Plan, or
  - the person receiving the procedure was not eligible to receive the procedure on the date of service and the Plan did not know, and with the exercise of reasonable care could not have known, of their eligibility status.

If you use an Out-of-Network Dentist and have to file a claim yourself, you should complete and sign the Subscriber/Insured Information of the Attending Dentist's Statement. As soon as treatment has ended, ask your Dentist to complete and sign the Attending Dentist's Statement, and file it with:

Blue Cross and Blue Shield of Oklahoma
P.O. Box 23060
Belleville, IL 62223-0060

Claims must be filed with the Plan within 180 days following the end of the Benefit Period for which the claim is made. Claims not filed within the required time period will not be eligible for payment. Should you have any questions about filing claims, call a Customer Service Representative at 1-888-454-5590 between 8:00 a.m. and 6:00 p.m., Monday through Friday.

- **Dental Claim Review Procedures**

If your claim has been denied in whole or in part, you may have your claim reviewed. The Plan will review its decision in accordance with the following procedure.

Within 180 days after you receive notice of a denial or partial denial, write to the Plan. The Plan will need to know the reasons why you do not agree with the denial or partial denial. Send your request to:

Blue Cross and Blue Shield of Oklahoma
P.O. Box 23060
Belleville, IL 62223-0060

You may also designate a representative to act for you in the review procedure. Your designation of a representative must be in writing, as it is necessary to protect against disclosure of information about you except to your authorized representative.

While the Plan will honor telephone requests for information, such inquiries will not constitute a request for review.

You and your authorized representative may ask to see relevant documents and may submit written issues, comments and additional medical information within 180 days after you receive notice of a denial or partial denial. The Plan will give you a written decision within 60 days after it receives your request for review.

If you have any questions about the claim procedures or the review procedure, you may call a Customer Service Representative at 1-888-454-5590 between 8:00 a.m. and 6:00 p.m., Monday through Friday.

Or, you can write to:

Blue Cross and Blue Shield of Oklahoma
P.O. Box 23060
Belleville, IL 62223-0060

If you have a claim for Benefits which is denied, in whole or in part, you may file suit in a state or federal court.

Except as amended by this *Pediatric Dental Services Addendum*, all other terms, conditions, limitations and exclusions of the Certificate, to which this Addendum is attached, will remain in full force and effect.

If you obtain eyeglasses or contacts from an Out-of-Network Provider, you must pay the Provider in full and submit a claim for reimbursement (see ***Claims Filing Procedures*** section in your Certificate for more information).

You may receive your eye examination and eyeglasses/contacts on different dates or through different Provider locations, if desired. However, complete eyeglasses must be obtained at one time, from one Provider. Continuity of care will best be maintained when all available services are obtained at one time from one Network Provider and there may be additional professional charges if you seek contact lenses from a Provider other than the one who performed your eye examination.

Fees charged for services other than a covered vision examination or covered Vision Materials and amounts in excess of those payable under this *Pediatric Vision Care Addendum,* must be paid in full by you to the Provider, whether or not the Provider participates in the vision care network.

Benefits under this *Pediatric Vision Care Addendum* may not be combined with any discount or promotional offering. Allowances are one-time use Benefits; no remaining balances are carried over to be used later.

For information regarding your right to appeal a claim determination, refer to the ***Complaint/Appeal Procedure*** section of your Certificate.

Except as amended by this *Pediatric Vision Care Addendum*, all other terms, conditions, limitations and exclusions of the Certificate, to which this Addendum is attached, will remain in full force and effect.

NOTICE OF PROTECTION PROVIDED BY OKLAHOMA LIFE AND HEALTH INSURANCE GUARANTY ASSOCIATION

This notice provides a brief summary of the Oklahoma Life and Health Insurance Guaranty Association ("the Association") and the protection it provides for policyholders. This safety net was created under Oklahoma law, which determines who and what is covered and the amounts of coverage. The Association was established to provide protection in the unlikely event that your life, annuity or health insurance company becomes financially unable to meet its obligations and is taken over by its Insurance Department. If this should happen, the Association will typically arrange to continue coverage and pay claims, in accordance with Oklahoma law, with funding from assessments paid by other insurance companies.

The basic protections provided by the Association are:

- Life Insurance
  - $300,000 in death benefits
  - $100,000 in cash surrender or withdrawal values
- Health Insurance
  - $500,000 in hospital, medical and surgical insurance benefits
  - $300,000 in disability income insurance benefits
  - $300,000 in long-term care insurance benefits
  - $100,000 in other types of health insurance benefits
- Annuities
  - $300,000 in withdrawal and cash values

The maximum amount of protection for each individual, regardless of the number of policies or contracts, is $300,000, except that with regard to hospital, medical and surgical insurance benefits, the maximum amount that will be paid is $500,000.

NOTE: Certain policies and contracts may not be covered or fully covered. For example, coverage does not extend to any portion(s) of a policy or contract that the insurer does not guarantee, such as certain investment additions to the account value of a variable life insurance policy or a variable annuity contract. There are also various residency requirements and other limitations under Oklahoma law.

To learn more about the above protections, please visit the Association's website at www.oklifega.org, or contact:

Insurance companies and agents are not allowed by Oklahoma law to use the existence of the Association or its coverage to encourage you to purchase any form of insurance. When selecting an insurance company, you should not rely on Association coverage. If there is any inconsistency between this notice and Oklahoma law, then Oklahoma law will control.
