

# Special Enrollment Period: Valid Documents Chart

**PLEASE READ THIS DOCUMENT CAREFULLY: If the documents you provide are not valid, there will be delays in processing your application. It may even be withdrawn.**

## What is a Special Enrollment Period?

A Special Enrollment Period (SEP) is a time during which an eligible person may enroll in a qualified health plan or change from one plan to another because of a qualifying event such as:

- **Involuntary** loss of minimum essential coverage (for reasons beyond your control)
- Marriage
- Birth, placement for adoption, placement in foster care or gaining a court-ordered dependent
- Non-calendar year expiration of coverage (coverage ends on a date other than December 31)
- Reaching highest age for dependent coverage
- Access to new individual plans due to permanent move or change in service area
- Other events as decided by the Health Insurance Marketplace

**Note:** If you have already enrolled in coverage using your current qualifying event and you want to make a plan change, you will need to wait for the next Open Enrollment Period or until you experience a new qualifying event.

## What is not considered a qualifying event?

The following are **not** qualifying events:

- Loss of short-term or temporary coverage or travel insurance
- Voluntarily opting out of affordable employer-provided coverage
- Voluntarily canceling coverage before the policy renewal or end date
- Loss of state or federal benefits or assistance due to failure to provide necessary documents or verification
- Loss of coverage due to failure to pay full premium
- Ending participation in a medical cost-sharing group
- Gaining voluntary guardianship of a dependent (not authorized by a court)

## What is required to apply for coverage during a Special Enrollment Period?

A person applying for coverage as the result of a qualifying event **must** provide valid supporting documents showing that a qualifying event occurred within 60 calendar days of the date the application was received which:

- Caused the individual to lose minimum essential coverage (such as aging off a policy or loss of employment), or
- Gain access to new coverage options (such as adding a dependent or moving to a new service area)

## How do I know if the documents I have to support my qualifying event are valid?

Documents to support the qualifying event must include the reason for loss of coverage or the reason for gaining access to new coverage options and the last day of coverage or first day of access to new coverage options. Documents to prove minimum essential coverage must include the last day of coverage or current paid to date of the policy.

Additionally, to be considered valid, supporting documents must:

- Be from a legitimate source such as an insurer, employer, policy administrator or government agency. Some examples of valid documents are: 1. On letterhead or stationery, 2. Signed by an officer of a company or agency, 3. Printouts from an official website, or 4. From an official company/agency email account.
- Be dated within 90 calendar days of the qualifying event date provided on the application.

## How can I avoid delays in processing my application?

To avoid delays in processing your application, please:

- Include the e-application number (found on your cover letter, if applicable) and primary applicant's full name on every document
- Include **all** pages of the original document
- Do not send pictures or screenshots of documents (documents that are not clear or readable will be rejected)
- Ensure that documents provided show loss of minimum essential coverage including the names of all individuals covered under your previous policy (do not send insurance ID cards as proof of minimum essential coverage)

## Refer to the chart below to find examples of documents that are needed to support your qualifying event.
