# VIRTUAL VISITS

Powered by  
**MDLIVE**

**Provide your clients with 24/7/365 access to online doctor visits from anywhere**

The virtual visits benefit provided by Blue Cross and Blue Shield of Oklahoma (BCBSOK) and powered by MDLIVE enables your clients' employees to consult with a board-certified doctor by online video, mobile app, online video or phone, anytime, anywhere.

Virtual visits can address a variety of non-emergency care issues, ranging from cold and flu to pink eye to behavioral health concerns.

## Benefits to your clients include:

- Cost savings realized when employees use virtual visits instead of primary care, urgent care, and emergency rooms
- Potential for lower employee absenteeism due to illness and improved workforce productivity
- Convenience for employees, with independently contracted, board-certified doctors available 24/7/365 or by appointment
- Full integration with BCBSOK transparency products
- Educational and promotional marketing materials to encourage employee participation
- Seamless access to the virtual visits portal from Blue Access for Members<sup>SM</sup>
