

Recommended Clinical Review (Predetermination), Post-Service Review and Non-Covered 2023 Commercial Benefit Procedure Code List - Fully Insured

Posted December 2023

EXCEPT AS OTHERWISE NOTED IN THE DATE COLUMN, THESE CODES ARE EFFECTIVE ON OR BEFORE JANUARY 1, 2023

Our medical policy impacts all our coverage decisions. This list includes Current Procedural Terminology (CPT®) and/or Healthcare Common Procedure Coding System (HCPCS) codes that, based on our medical policy, are:

- Subject to a medical necessity review,
- Candidates for a Recommended Clinical Review (Predetermination),
- Not a benefit for our members,
- Considered experimental, investigational and unproven (EIU), or
- Not on our prior authorization list (with some exceptions based on members' benefit plans)

This is not an exhaustive list of all codes. Codes may change, and this list may be updated throughout the year. The presence of codes on this list does not necessarily indicate coverage under the member benefits contract. Member contracts differ in their benefits. Please use Availity® or your preferred vendor to verify eligibility & benefits and to determine if a prior authorization is required.

BCBSOK recommends submitting a Recommended Clinical Review (Predetermination) request if it is unclear if the service meets BCBSOK Medical Policy criteria. All BCBSOK Medical Policies can be found at BCBSOK website. See link below.

The purpose of a Recommended Clinical Review (Predetermination) request is to determine whether a specific service, including services that may be considered Experimental/Investigational/Unproven, is Medically Necessary. A Recommended Clinical Review (Predetermination) is not a guarantee of Benefits or a substitute for the Preauthorization process. Refer to the Utilization Management section on our website.
