Important Notes:

Prior authorization is required for some members/services/drugs before services are rendered to confirm medical necessity as defined by the member’s health benefit plan.

Usually, the provider is responsible for requesting prior authorization before performing a service if the member is seeing an in-network provider. Sometimes, a plan may require the member to request prior authorization for services.

Once a prior authorization request is received and processed, the decision is communicated to the provider.

If you have questions, call the prior authorization number on the member’s ID card.

This is not an exhaustive list of all codes. Codes may change, and this list may be updated throughout the year. The presence of codes on this list does not necessarily indicate coverage under the member benefits contract. Member contracts differ in their benefits. Always check eligibility and benefits first through the Availity® Essentials (availity.com) or your preferred web vendor portal to confirm coverage and other important details, including prior authorization or pre-notification requirements and vendors, if applicable. For some services/members, prior authorization may be required through Blue Cross and Blue Shield of XX. For other services/members, BCBSOK has contracted with Carelon Medical Benefits Management for utilization management and related services.

CPT copyright 2023 American Medical Association (AMA). All rights reserved. CPT is a registered trademark of the AMA.

Please note that checking eligibility and benefits and/or the fact that a service has received prior authorization is not a guarantee of payment. Benefits will be determined once a claim is received and will be based upon, among other things, the member’s eligibility and the terms of the member’s certificate of coverage applicable on the date services were rendered.

Availity is a trademark of Availity, LLC, a separate company that operates a health information network to provide electronic information exchange services to medical professionals. Availity provides administrative services to BCBSOK.

Carelon Medical Benefits Management is an independent company that has contracted with BCBSOK to provide utilization management services for members with coverage through BCBSOK.

BCBSOK makes no endorsement, representations or warranties regarding any products or services provided by third party vendors such as Availity or Carelon Medical Benefits Management. Please contact the vendor(s) directly for any questions regarding products or services offered.
