Caring Program for Children

Who is Eligible?
To qualify, a child must
• reside in Oklahoma,
• fall within income guidelines,
• be unmarried,
• not qualify for government-assisted access to health services,
• be under age 19 and live with at least one parent or legal guardian, and
• attend school through grade 12 (if school age).

What is covered:
• Well-baby and well-child doctor visits
• Routine immunizations
• Doctor visits for sick or injured children
• Emergency room care for severe and life-threatening accidents or illness, $10 copayment
• Outpatient surgery—doctor and facility charges for removal of tonsils or adenoids, hernia repair and insertion of ear tubes
• X-ray and laboratory charges for in-office procedures

Note: All services must be provided through the Oklahoma Caring Program Network. Parents are responsible for any charges from out-of-network doctors, hospitals and other health care providers.

The Oklahoma Caring Foundation is a tax exempt, 501 (c)(3) corporation.
Blue Cross and Blue Shield of Oklahoma is a Division of Health Care Service Corporation, a Mutual Legal Reserve Company, an Independent Licensee of the Blue Cross and Blue Shield Association.
Our Mission
To support programs that provide Oklahomans access to health care services.

Our History
In 1994, Blue Cross and Blue Shield of Oklahoma created the Oklahoma Caring Foundation to offer needed health care services to Oklahomans, with an emphasis on caring for our state’s children.

The Caring Program for Children extends free primary and preventive health benefits to children in lower-income families.

The Oklahoma Caring Van Program was launched in 1999 to deliver free vaccines to children. The Oklahoma Caring Van Program partners with child care providers, schools and other organizations to reach children who struggle to access traditional health care providers.

The Oklahoma Caring Van Program delivers immunizations to protect children and adolescents from dangerous illnesses at no cost to their families. The Oklahoma Caring Van Program’s goal is to remove barriers that too often prevent children from receiving the vaccines they need at the appropriate time.

The Oklahoma Caring Van Program offers all vaccines required for school and child care enrollment. Immunizations are administered by public health nurses who specialize in immunizations.

"Oklahoma possesses no greater resource than the health of our children. We are committed to supporting programs designed to offer children a healthy beginning and our communities a brighter future."

— Bert Marshall
Chairman of the Board
